Poster Of Movie Greats:

Mighty Movies Lawrence Bassoff, 2000 The splendour savagery and spectacle of the screen epics that staggered the world *Mighty Movies* chronicles the age of the classic Hollywood blockbuster 1932 1970 by presenting and evaluating 200 authentic movie posters lobby cards and related memorabilia items from 100 film examples A special appendix features an additional movie poster retrospective of the musclemen driven sword and sandal costume spectacles produced in Europe from 1957 to 1965 Originally displayed in movie theatres these rare ravishing and valuable movie posters and lobby cards also illustrate the in house movie poster styles and printing processes utilised by the major Hollywood studios of the day

60 Great Cowboy Movie Posters Bruce Hershenson, 2003 60 of the very best cowboy movie posters ever **Heritage Vintage Movie Posters Signature Auction #603**, **Great Movie Posters** Michael Jay, 1982 **Movie Posters** Batiste Madalena, 1986 **Sports Movie Posters** Richard Allen, Bruce Hershenson, 1996 This is an overview of the more than one thousand films that have been made about sports both amateur and professional The films included were chosen from four categories films that have a sport theme memorable films that have a major scene involving a sport films that have poster art depicting a sport and films that don't concern sports but have a prominent athlete in a starring role *Horror, Sci-Fi and Fantasy Movie Posters* Bruce Hershenson, Richard Allen, 1999 This is a sequel to *Horror Movie Posters* Because the earlier volume focused solely on the horror genre this volume has a greater emphasis on fantasy and science fiction Because the classic films of the 1930s and 1940s were extensively covered in the previous volume this volume focuses more on the years after 1950 The posters are in chronological order to better show the evolution of the genres with the exception of the *Star Wars* and *Star Trek* films which are grouped together within each series **Warren's Movie Poster Price Guide** Jon R. Warren, 1986 **Film Posters of the 90s** Tony Nourmand, Graham Marsh, 2005 Whatever your taste in movies the filmmakers of the 1990s had it covered On the one hand the big studios took advantage of the ever increasing sophistication of computer generated imagery to produce spectacular mega budget event movies like *Titanic* *The Matrix* and *Mission Impossible* On the other hand a new generation of independents like Tarantino and the Coen brothers was winning its spurs with low tech and often low budget productions such as *Reservoir Dogs* and *The Big Lebowski* Hollywood may have become besotted by all things digital but print on paper in the form of the poster remained one of the most important means of promoting movies of all kinds and the poster artists of the 90s proved they could still produce striking and alluring images This book reproduces the pick of the decade **Film by Design** Gary D. Rhodes, Robert Singer, 2024-09-16 Contributions by Vlad Dima Laura Hatry Alicia Kozma Lynette Kuliyeva Madhuja Mukherjee Frank Percaccio Gary D Rhodes Courtney Ruffner Grieneisen Marlisa Santos Michael L Shuman and Robert Singer Movie posters regardless of their country of origin have become indelibly linked with the films they represent often assuming a status as visual encapsulations of films within collective memory Long after their initial role in promotion is complete these posters endure as iconic images etched into

film history and cultural consciousness One can hardly hear mention of Steven Spielberg's landmark production *Jaws* for example without immediately picturing the evocative poster art of Roger Kastel *Film by Design The Art of the Movie Poster* is a groundbreaking and comprehensive exploration of the international and Hollywood movie poster as a dynamic artistic and cultural formation Drawing inspiration from such prominent genres as horror science fiction and noir the twelve essays in this collection provide insightful analyses of the movie poster as a vital component of the cinematic landscape from the silent era to the contemporary period Crucially this anthology rejects the notion of movie posters as mere historical artifacts or advertising tools and instead examines them as integral parts of a broader aesthetic framework interwoven into their respective film narratives Each chapter whether focusing on controversies close ups or Cuba is accessible to scholars students and fans alike Through its intervention in film studies *Film by Design* reveals the movie poster to be an ever evolving medium firmly grounded in both theory and practice while serving as an essential and enduring element within the realm of film art
