Postmodernism, Reason and Religion Ernest Gellner,2013-03-01 First Published in 1992 On questions of faith Ernest Gellner believes three ideological options are available to us today One is the return to a genuine and firm faith in a religious tradition The other is a form of relativism which abandons the notion of unique truth altogether and resigns itself to treating truth as relative to the society or culture in question The third which Gellner calls enlightenment rationalism upholds the idea that there is a unique truth but denies that any society can ever possess it definitively Learned and stimulating Professor Gellner s book is an important contribution to our understanding of postmodernism and the relations between Islam and the West It will be of great interest to anyone concerned with the ideological condition of contemporary society [Challenges to Religions and Islam](#) Hamid Naseem Rafiabadi,2007 **The Routledge Companion to the Study of Religion** John

Hinnells,2005-06-21 Providing a genuinely full guide to the theory and methods related to religious studies this text written entirely by world renowned specialists is the ideal resource for those studying the discipline *Postmodernism and Islam*

Akbar S. Ahmed,2013-01-11 Can West and East ever understand each other In this extraordinary book one of the world s leading Muslim scholars explores an area which has which has been almost entirely neglected by scholars in the field the area of postmodernism and Islam This landmark work is startling constantly perceptive and certain to be debated for years to come *Politics and Cultures of Islamization in Southeast Asia* Georg Stauth,2002 This book is about cultural and political figures institutions and ideas in a period of transition in two Muslim countries in Southeast Asia Malaysia and Indonesia It also addresses some of the permutations of civilizing processes in Singapore and the city state s image moving across its borders into the region and representing a miracle of modernity beyond ideas The central theme is the way in which Islam was re constructed as an intellectual and socio political tradition in Southeast Asia in the nineteen nineties Scholars who approach Islam both as a textual and local tradition students who take the heartlands of Islam as imaginative landscapes for cultural transformation and politicians and institutions which have been concerned with transmitting the idea of Islamization are the subjects of this inquiry into different patterns of modernity in a tropical region still bearing the signature of a colonial past

Islam, Globalization, and Postmodernity Akbar S. Ahmed,1994 This book examines the cultural responses of Muslims to the transformations contradictions and challenges confronting contemporary Islam as it moves towards the twenty first century The diffusion of populations the globalization of culture and the forces of postmodernity have shaken the world like never before These developments have generated a debate among Muslims which as the contributors to this volume show will have far reaching consequences not just for the Muslim world but for relations between Islam and the West more generally Postmodern Rationality, Social Criticism, and Religion Henry L. Ruf,2005-02 Ruf philosophy Florida Atlantic U and emeritus West Virginia U explains to undergraduate students some of the ways philosophers have been trying to make sense of things over the past 150 years He analyzes criticizes selectively appropriates and reconstructs writings of existentialists social and cultural critics pragmatists and postmodernists in order to find a coherent interpretation of the current human form of life and its future possibilities *The American Journal of Islamic Social Sciences* ,2009 **Journal of Feminist Studies in Religion** ,2006 **Postmodern Perspectives on Indian Society** Shambhu Lal Doshi,2008

Postmodernity proposes the idea that society is no longer governed by history or progress A postmodern society is highly pluralistic differentiated and diverse It rejects all grand narratives such as Marxism Gandhism and rationalism which are propagated as universal explanations of society Postmodernity meets the challenges given by modernity In India modernity s benefits are cornered by high caste Hindus elites political leaders and higher classes The subalterns the marginals and the disadvantaged masses have been left high and dry It is the modernity which has created religious academic and market fundamentalism and an age of dark dogma In Indian society modernity has brought damage to various ethnicities In this book

the author applies the perspective of postmodernity to the interpretation of increasingly changing contemporary Indian society With this he looks afresh at family caste village culture and religion From a sociological perspective fundamentalism is given a thorough examination The author courageously establishes that Indian society is a postmodern society **Islam, Postmodernism and Other Futures** Ziauddin Sardar,2003-02-20 The first introduction to leading British Muslim intellectual author journalist and cultural commentator Zia Sardar Islam and Postmodernism Amjad Hussain,2021-12-31 Islam and Post Modernism Iqbal as a Turning Point is a critique of contemporary Muslim responses especially Ziauddin Sardar Akbar S Ahmed and Tariq Ramadan to the relative proximity between Islam and Post Modernism The book highlights how they have missed the deeper laying philosophical camaraderie between Islam and Post Modernism It deconstructs their respective responses while at the same time it makes a case for reading Allama Muhammad Iqbal as the turning point in Muslim scholarship s responses to Post Modernism **The Future of Religion** Paul Rennick,Stanley B. Cunningham,Ralph Henry Johnson,2010 Religion evokes strong emotions and raises hard questions This volume addresses many of the contentious elements that religion provokes and challenges some of the easy answers contemporary society has produced The frequent and often facile dictum about the separation of church and state when examined closely may prove to contribute to the erosion of some of our most cherished human values rather than to their preservation The science versus religion dichotomy is dogma for many yet the empiricism that is the hallmark of scientific method and knowledge can be singularly absent from positions that claim to be science The current spate of attacks against God and religion that are now commonplace when critically scrutinized often fail to provide compelling arguments or even to be as objective as their authors claim These and other explorations are the focus of this book From the Forward in which Charles Kimball challenges the West to re evaluate its perspective and understanding of the East particularly Islam to the Afterword in which theologian Gregory Baum chronicles the extraordinary reversal of sociology TM s estimation of religion the invitation from this volume to all of us is to review our pieties and presuppositions as we reflect on the future of religion Abgrenzung und Aneignung in der Globalisierung: Asien, Afrika und Europa seit dem 18. Jahrhundert Henner Fürtig,2001 Keine ausf hrliche Beschreibung f r Abgrenzung und Aneignung in der Globalisierung verf gbar Understanding Islam Cafer S. Yaran,Jeremy Rosen,2007 Islam can be one of the most misunderstood religions The author introduces Islam in its many dimensions covering the main historical theological practical ethical spiritual social and global themes **Human Rights and Religion - The Islamic Headscarf Debate in Europe** Dominic McGoldrick,2006-08 This book examines the issues and tensions aroused by wearing religious dress by considering questions of language meaning and symbolism The Journal of the Henry Martyn Institute ,2000
