Labor Day - A Celebration of Workers

Labor Day is a holiday celebrated in many countries around the world to honor the contributions of workers. In the United States, Labor Day falls on the first Monday in September and is often considered the unofficial end of summer. It's a day for people to take a break from their work and enjoy some well-deserved rest and relaxation with family and friends.

The origins of Labor Day can be traced back to the labor union movement of the late 19th century. During this time, workers were often required to work long hours in unsafe conditions, and they had little to no rights or protections. Labor unions formed to advocate for better working conditions, fair wages, and reasonable working hours.

The first Labor Day parade was held in New York City on September 5, 1882, to mark the first anniversary of the formation of the United Labor Union, and thousands of workers participated to demand better treatment and recognition of their efforts.
