Arthur-Banning, 2018-06-21 Written by a former Olympic consultant this book examines youth sports in America today from institutions that dominate organized youth sports to high profile controversies ranging from burnout and out of control

parents to the health risks of youth football As organized youth sports occupy an ever greater role in the lives of American families critics have begun to question whether some programs and participants have lost their way This timely book examines the state of youth sports in America today analyzing how organized sports influence communities discussing the potential emotional and physical benefits as well as drawbacks of youth sports and profiling the industry s key participants ranging from parent coaches to club sports owners to personal trainers The work begins with a look at the evolution of youth sports in the United States then explores such topics as burnout self discipline performance enhancing drugs parental violence and scholarships The content includes coverage of 20 individual youth sports such as basketball softball lacrosse baseball volleyball football soccer cross country and swimming and provides breakdowns of historical and current participation rates injury rates and sport specific scholarship trends Each summary includes contact information on important organizations specific to that sport

*The First Book of Gabriel* Gabe Rispoli Jr, 2015-10-21 From the time before the great pyramids were built an ancient prophecy foretold that for the sake of humanity when nature could no longer absorb the abuse of man a newborn of unknown blood would walk among us Led by the divinity of elders he will change the world Join Gabriel and his close companions on this journey of mystery danger and intrigue As Gabriel must interpret riddles to find the path to the light he must also learn on the way As this journey will teach Gabriel about the altered genesis of man and his aggressive nature for self fulfillment it will also teach of man s forced dominance of women and the abusive unequal treatment inflicted upon them from the beginning to this day Then the last but the most important lesson of all is the nature of this world and the destructive imbalance that has been caused by man And within the imbalance of man and nature Gabriel must learn how this balance can be restored The ecological problems with the planet are at the heart of this imbalance As Gabriel learns what s needed to start the reversal of all the damages he learns the secret of why this world is so special and the true meaning of God
