Science And An African Logic:

Science and an African Logic Helen Verran, 2001-12-15 Does two and two equal four Ask someone and they should answer yes An equation such as this seems the very definition of certainty but is it In this book Helen Verran addresses Science and an African Logic Helen Verran, 2001-12-15 Does two and two equal four Ask precisely that question someone and they should answer yes An equation such as this seems the very definition of certainty but is it In this book Helen Verran addresses precisely that guestion *Igwebuike Philosophy and Complementary Relations* Ikechukwu Anthony KANU,2022-07-18 In this work Igwebuike is employed as a unifying concept of African thought especially that aspect concerning the human person's conception of the spiritual and material universe in which he or she lives It is an explanatory theory or principle that interprets the puzzle of our complex relationship with the non corporal world and human social life that is major social institutions that ensure social continuity and group identity and further underpins the epistemological manifestations of the human person s universe Logic and African Philosophy Jonathan O. Chimakonam, 2020-10-06 Logic and African Philosophy Seminal Essays on African Systems of Thought aims to put African intellectual history in perspective with focus on the subjects of racism logic language and psychology The volume seeks to fill in the gaps left by the exclusion of African thinkers that are frequent in the curricula of African schools concerning history sociology philosophy and cultural studies The book is divided into four parts that are preceded by an introduction to link up the essays and emphasise their sociological implications Part one is comprised of essays that opened the controversy of whether logic can be found in traditional African cultures as well as other matters like the nature of the mind and behaviour of African peoples The essays in part two are centred on the following question are the laws of thought present in African languages and cultures Part three brings together essays that sparkle the debate on whether there can be such a thing as African logic which stems from the discussions in part two Part four is concerned on the theme of system building in logic contributions are written by members of the budding African philosophy movement called the Conversational School of Philosophy based at the University of Calabar and the main objective of their papers is to formulate systems of African logic Introducina African Science Jonathan O. Chimakonam, 2012-08-20 You are about to read a much needed book that will open your eyes to the Africa that has been hidden from us Thinking out of the box of Western thought pattern Dr Jonathan has been able to give to the world this revolutionary masterpiece in the intellectual history of Africa By systematizing African science he has emphasized that more than one cock crows We may therefore call him the Demiurge of new African renaissance Mary Nelson Sankofa Directions Houston Texas USA Se wo were fi na wosan kofa a yenkyi Learning from the past in building the future With this masterpiece Dr Jonathan has answered all the critics of Africas intellectual and inventive ability He has opened a door to Africas authentic renaissance The work is a beacon in Africas history and the author has emerged as one of the continents brightest minds Chris Iwarah The Sun Newspaper With this towering intellectual accomplishment Dr Jonathan Chimakonam

has not only proven that Africans are capable of revolutionary thoughts but has emerged as one of the leading original thinkers on the continent In fact in this piece of adorable literature Jonathan could be said to have done for Africa what thinkers like Francis Bacon did for the West Prof G O Ozumba Head Department of Philosophy University of Calabar Nigeria What Jonathan has done is not different from what the builders of Western science did In fact he has taken his seat as the Francis Bacon of African science project and it would not be out of place if one describes him in the future as the father of African science Okechukwukelu Okonkwo Deputy Director Programmes Anambra Broadcasting Service This book is a great exploration into a rich repository of wisdom and knowledge which needs to be recaptured It is African renaissance that will reposition Africa in the world of technology and development This is both challenging and refreshing With emerging scholars like Jonathan there is hope for Africa Hakuna Matata Venerable Professor Udobata Onunwa Director International Center for the Study of African Languages and Culture Birmingham UK Ibuanyidanda (complementary Reflection) and Some Basic Philosophical Problems in Africa Today Innocent Asouzu, 2013 This book gives an insightful account of how some fundamental phenomena and mechanisms control human consciousness impacting the way we think will and act The book identifies these phenomena and mechanisms as the mkpuchi anya the super maxim and the inherently tension laden ambivalent character of our experience of reality It re examines fundamental problems of philosophy from the perspective of ibuanyidanda complementary reflection and how the problems reappear in the way philosophy is conducted in Africa today Series Studies in African Philosophy Vol 8 Science, Technology, and Society Sal Restivo, 2005-05-19 Emphasizing an interdisciplinary and international coverage of the functions and effects of science and technology in society and culture Science Technology and Society contains over 130 A to Z signed articles written by major scholars and experts from academic and scientific institutions and institutes worldwide Each article is accompanied by a selected bibliography Other features include extensive cross referencing throughout a directory of contributors and an extensive topical index **Canadian Journal of African** African Studies Association Annual Meeting.
