and warmth His verse by verse commentary interprets the Gita s teachings for modern readers explaining the Sanskrit concepts and philosophy and applying them with practicality wisdom and humor to every aspect of our work our relationships and our lives With everyday anecdotes stories and examples he shows that the changes we long to see in the world start with the transformation of our own consciousness The practical exercises recommended by Easwaran to achieve transformation are part of a spiritual program he developed for his own life They are accessible to people from all backgrounds and cultures Urging us to adopt a higher image of the human being he assures us that peace and unity are within reach Each volume of this series covers six chapters of the Gita Each may be read on its own but all three volumes together form an in depth verse by verse explanation of this ancient scripture and its relevance today Included are instructions in Easwaran s universal eight point program of passage meditation Volume 1 The first six chapters of the Gita explore the concept of the innermost Self and source of wisdom in each of us Easwaran explains how we can begin to transform ourselves even as householders engaged in busy lives Volume 2 The next six chapters of the Gita go beyond the individual Self to explore the Supreme Reality underlying all creation Easwaran builds a bridge across the seeming divide between scientific knowledge and spiritual wisdom and explains how the concept of the unity of life can help us in all our relationships Volume 3 The final six chapters put forth an urgent appeal for us to begin to see that all of us are one to make the connection between the Self within and the Reality underlying all creation Global in scope the emphasis is on what we can do to make a difference to heal our environment and establish peace in the world Easwaran s commentary is for all students of the Gita whatever their background and for anyone who is trying to find a path to wisdom love and kindness in themselves and our troubled world Written as an authoritative accessible guide to a much loved scripture it is a handbook for finding peace and clarity within This second edition incorporates revisions made across all three volumes following the author s final instructions The law of eternity The law of eternity,2016-12-15 The law of eternity self help non fiction inner guide to meditation for the realization of your inner being consciousness awareness non being the law of eternity The path emphasis is on meditation close your eyes bring the attention into your inner being the present is the gate less gate to your inner being silence the gate less gate to your inner consciousness nothingness the absence of things emptiness the gate less gate to non being formless awareness into the law of eternity and then freedom relaxation bliss ecstasy sacred divine in essence you are resurrect free for eternity to come intrinsic to the law of eternity one with it flowing into the universal body as formless awareness and his an extract of physic outer science and inner science the science of the mystery call it also mysticism Angelo Aulisa *Nature* ,1892 The world constitution Angelo Aulisa,2015-02-23 The world constitution self help non fiction inner guide to meditation inner being witness consciousness to universal consciousness to nothingness emptiness gate less gate to non being body incorporeal where time space forms duality of mind completely annihilate into formless relation less unfocused awareness that is just an i am ness infinite light a great relaxation ultimate essence of the core and source of the
