Walmart Near Me Tutorial:

Walmart in China Anita Chan, 2011-11-15 Walmart and Made in China are practically synonymous Walmart imports some 70 percent of its merchandise from China Walmart is now also rapidly becoming a major retail presence there with close to two hundred Walmarts in more than a hundred Chinese cities What happens when the world's biggest retailer and the world's biggest country do business with each other In this book a group of thirteen experts from several disciplines examine the symbiotic but strained relationship between these giants The book shows how Walmart began cutting costs by bypassing its American suppliers and sourcing directly from Asia and how Walmart's sheer size has trumped all other multinationals in squeezing procurement prices and as a by product driving down Chinese workers wages China is also an inviting frontier for Walmart's global superstore expansion As China's middle class grows the chain's Western image and affordable goods have become popular Walmart's Arkansas headquarters exports to the Chinese stores a unique corporate culture and management ideology which oddly enough are reminiscent of Mao era Chinese techniques for promoting loyalty Three chapters separately detail the lives of a Walmart store manager a lower level store supervisor and a cashier Another chapter focuses on employees wages voluntary overtime and the stores strict labor discipline In 2006 the official Chinese trade union targeted Walmart which is antilabor in its home country and succeeded in setting up union branches in all the stores Walmart in China reveals the surprising outcome
