Population Change and Public Policy Billystrom Jivetti, Md. Nazrul Hoque, 2020-12-04 This book provides a solid empirical portrait based on the complexities of demographic components of population change It describes recent innovations trends challenges and solutions to population change and public policy issues such as but not limited to immigration gender discrimination in the labor market student housing teen pregnancy programs smoking and alcohol consumption and environment and self rated health As such it provides an interesting platform for academics researchers policy makers and students to explore experiences and research findings on special topics in applied demography and how those inform the field of population studies and public policy

Logistics and Power Susan Zieger, 2025-09-09 From supply chains to surveillance how logistics drives modern power and its consequences Movement is the lifeblood of capital even more so than growth If goods people and information don't flow then profits don't either Ensuring that laborers shipping containers media commercially valuable data and much else are in the right place at the right time demands a subtle choreography Enter logistics Susan Zieger argues that logistics is the foundation of power in our time Blending detailed historical research with real life stories that crystallize the human and ecological consequences of supply chains *Logistics and Power* shows how the pursuit of efficient movement has come to organize economies while disordering societies and selves *Logistics* emerges as the key to consumerism and the experience of work It justifies corporate and police surveillance illuminates patterns of migration and exploitation and explains why the oceans are clogged with plastic It is in the sphere of logistics that capitalist motives are most dramatically in tension with planetary needs A headfirst encounter with the obscure forces subordinating all goals below those of capital *Logistics and Power* points the way to an alternative a mindful and politically attentive kind of movement compatible with human thriving

The Handbook for the Future of Work Julie MacLeavy, Frederick Harry Pitts, 2024-12-26 The Handbook for the Future of Work offers a timely and critical analysis of the transformative forces shaping work and employment in the twenty first century Focusing on the past two decades the handbook explores how technological advancements automation and a shifting capitalist landscape have fundamentally reshaped work practices and labour relations Beyond simply outlining the challenges and opportunities of automation the handbook integrates these emerging realities with established discussions of work Importantly it moves beyond dominant technology centric narratives probing into broader questions about the nature of capitalism in a time of crisis and the contestation for alternative economic models With contributions from established and emerging authors based in institutions around the world the handbook offers a systematic overview of the developments that have sparked radical shifts in how we live and work and their multifaceted impacts upon social relations and identities practices and sectors politics and environments The handbook is unique in its exploration of the potential for economic transformations to reshape the centrality of work in our social and political imaginaries A useful resource for students and researchers the handbook serves as an essential guide to this new intellectual

landscape The Next Supper Corey Mintz,2021-11-16 A searing expose of the restaurant industry and a path to a better safer happier meal In the years before the pandemic the restaurant business was booming Americans spent more than half of their annual food budgets dining out In a generation chefs had gone from behind the scenes laborers to TV stars The arrival of Uber Eats DoorDash and other meal delivery apps was overtaking home cooking Beneath all that growth lurked serious problems Many of the best restaurants in the world employed unpaid cooks Meal delivery apps were putting restaurants out of business And all that dining out meant dramatically less healthy diets The industry may have been booming but it also desperately needed to change Then along came COVID 19 From the farm to the street side patio from the sweaty kitchen to the swarm of delivery vehicles buzzing about our cities everything about the restaurant business is changing for better or worse The Next Supper tells this story and offers clear and essential advice for what and how to eat to ensure the well being of cooks and waitstaff not to mention our bodies and the environment The Next Supper reminds us that breaking bread is an essential human activity and charts a path to preserving the joy of eating out in a turbulent era **Gun Curious** David Yamane,2024-06-01 More than ever it feels like cultural and political divisions over firearms are tearing the United States apart Guns are an undeniable and contradictory presence in America both widely owned and controversial This book does something remarkable it promotes insight over animosity in understanding the complex reality of guns in America It challenges firearms skeptics entertains enthusiasts and informs the uncommitted by taking readers on a surprising journey inside gun culture A lifelong liberal from the San Francisco Bay Area David Yamane became a new gun owner as a 42 year old and embarked on an immersive twelve year study of American gun culture Weaving together his personal experiences and sociological observations to explain why guns make sense to those who own them he illuminates defensive gun ownership the risk of negative outcomes associated with firearms and what responsible gun ownership looks like in the twenty first century This book lowers the heat on America s inflamed arguments about firearms and models the civil discussions we desperately need *Cultivating Literate Citizenry Through Interdisciplinary Instruction* Scott, Chyllis E.,Miller, Diane M.,Albert, Matthew,2024-04-05 The role of literacy instruction extends far beyond traditional English language arts classrooms Cultivating Literate Citizenry Through Interdisciplinary Instruction delves into the necessary concepts within the realm of literacy across and within various academic disciplines From the foundational core courses of English language arts mathematics science and social studies to enriching extracurricular pursuits like agriculture theater arts visual arts and kinesiology this book encapsulates the essence of fostering literacy competencies in all domains This comprehensive resource caters to a diverse audience spanning preservice and in service teachers teacher educators district and school leaders and educational researchers It is a versatile tool ideal for integrating literacy methods courses focusing on content area and disciplinary literacy instruction across all age groups Practicing teachers will find it an invaluable resource for their ongoing professional development while educational leaders will gain profound insights to inform their instructional

support strategies
