George E. Scheer

Private Yankee Doodle Being A Narrative

Emily Jane Teipe

Private Yankee Doodle Being A Narrative:

Private Yankee Doodle Joseph Plumb Martin,1962 **Private Yankee Doodle Being a Narrative of Some of the Adventures, Dangers, And Sufferings of a Revolutionary Soldier.** Ed. By George F. Scheer Joseph Plumb Martin,1968

Private Yankee Doodle, Being a Narrative of Some of the Adventures, Dangers and Sufferings of a Revolutionary Soldier J. P. Martin,1962 **Almost A Miracle** John Ferling,2007-06-04 In this gripping chronicle of America's struggle for independence award winning historian John Ferling transports readers to the grim realities of that war capturing an eight year conflict filled with heroism suffering cowardice betrayal and fierce dedication As Ferling demonstrates it was a war that America came much closer to losing than is now usually remembered General George Washington put it best when he said that the American victory was little short of a standing miracle **Almost a Miracle** offers an illuminating portrait of America's triumph offering vivid descriptions of all the major engagements from the first shots fired on Lexington Green to the surrender of General Cornwallis at Yorktown revealing how these battles often hinged on intangibles such as leadership under fire heroism good fortune blunders tenacity and surprise Ferling paints sharp eyed portraits of the key figures in the war including General Washington and other American officers and civilian leaders Some do not always measure up to their iconic reputations including Washington himself The book also examines the many faceless men who soldiered often for years on end braving untold dangers and enduring abounding miseries The author explains why they served and sacrificed and sees them as the forgotten heroes who won American independence **A People's History of the American Revolution** Ray Raphael,2011-05-24 The best single volume history of the Revolution I have read Howard Zinn Upon its initial publication Ray Raphael's magisterial **A People's History of the American Revolution** was hailed by NPR's Fresh Air as relentlessly aggressive and unsentimental With impeccable skill Raphael presented a wide array of fascinating scholarship within a single volume employing a bottom up approach that has served as a revelation **A People's History of the American Revolution** draws upon diaries personal letters and other Revolutionary era treasures weaving a thrilling you are there narrative a tapestry that uses individual experiences to illustrate the larger stories Raphael shifts the focus away from George Washington and Thomas Jefferson to the slaves they owned the Indians they displaced and the men and boys who did the fighting Los Angeles Times Book Review This remarkable perspective on a familiar part of American history helps us appreciate more fully the incredible diversity of the American Revolution Kirkus Reviews Through letters diaries and other accounts Raphael shows these individuals white women and men of the farming and laboring classes free and enslaved African Americans Native Americans loyalists and religious pacifists acting for or against the Revolution and enduring a war that compounded the difficulties of everyday life Library Journal A tour de force Ray Raphael has probably altered the way in which future historians will see events The Sunday Times *The Philadelphia Campaign, 1777-1778* Stephen R. Taaffe,2003 Engagingly recounts how this often underestimated Revolutionary War campaign became a critical turning point in the war

that led to the ultimate victory of the Continental Army over the British forces *Personal Narratives of Events in the War of the Rebellion* Rhode Island Soldiers and Sailors Historical Society, 1899 *New York Times Saturday Book Review Supplement*, 1962-03 **General George Washington** Edward G. Lengel, 2005-06-07 Much has been written in the past two centuries about George Washington the statesman and father of his country Less often discussed is Washington's military career including his exploits as a young officer and his performance as the Revolutionary War commander in chief Now in a revealing work of historical biography Edward Lengel has written the definitive account of George Washington the soldier Based largely on Washington's personal papers this engrossing book paints a vivid factual portrait of a man to whom lore and legend so tenaciously cling To Lengel Washington was the imperfect commander Washington possessed no great tactical ingenuity and his acknowledged brilliance in retreat only demonstrates the role luck plays in the fortunes of all great men He was not an enlisted man's leader he made a point of never mingling with his troops He was not an especially creative military thinker he fought largely by the book He was not a professional but a citizen soldier who at a time when warfare demanded that armies maneuver efficiently in precise formation had little practical training handling men in combat Yet despite his flaws Washington was a remarkable figure a true man of the moment a leader who possessed a clear strategic national and continental vision and who inspired complete loyalty from his fellow revolutionaries officers and enlisted men America could never have won freedom without him A trained surveyor Washington mastered topography and used his superior knowledge of battlegrounds to maximum effect He appreciated the importance of good allies in times of crisis and understood well the benefits of coordination of ground and naval forces Like the American nation itself he was a whole that was greater than the sum of its parts a remarkable everyman whose acts determined the course of history Lengel argues that Washington's excellence was in his completeness in how he united the military political and personal skills necessary to lead a nation in war and peace At once informative and engaging and filled with some eye opening revelations about Washington the war for American independence and the very nature of military command *General George Washington* is a book that reintroduces readers to a figure many think they already know **The Publishers Weekly**, 1894 *Prison Narratives of the American Revolution* Robert John Denn, 1980 *Publishers Weekly*, 1881 *This Destructive War* John S. Pancake, 1985-02-28 The classic study of military action in the southern colonies that led to a new American nation **Corridor Through the Mountains** Richard J. Koke, 1998 **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 *The African American Presence in New York State History* Monroe Fordham, 1989 **With Paper Promises in Their Pockets** Emily Jane Teipe, 1997 It is the objective of this study to examine the lives of Revolutionary soldiers in the New Republic by focusing on veterans efforts to petition the government for military pensions and by evaluating the pensioning process itself An analysis of individual veterans post war experiences culled from their pension records and memoirs as well as statistical analysis of veterans as a group indicated the

long term economic effects of the war on their lives In addition these data reveal the degree of success they achieved after the war in terms of their own individual economic and social status This study has also unearthed not only how the first pensions were established and subsequently amended but what value the government and the community placed on the soldier s service Introduction *The Publishers' Trade List Annual* ,1977 **The Papers of George Washington** George Washington,1983 The Encyclopedia of the American Revolutionary War Gregory Fremont-Barnes,Richard Alan Ryerson,2006 Serving as a reference on the American Revolution this title covers the causes course and consequences of the war and the political social and military origins of the nation From the end of the French and Indian War in 1763 to the ratification of the Constitution in 1789 it addresses the broad spectrum of American culture at the time

Whispering the Secrets of Language: An Psychological Journey through **Private Yankee Doodle Being A Narrative**

In a digitally-driven world where displays reign supreme and immediate communication drowns out the subtleties of language, the profound strategies and emotional subtleties concealed within phrases usually get unheard. However, nestled within the pages of **Private Yankee Doodle Being A Narrative** a fascinating literary treasure sporting with organic feelings, lies an exceptional journey waiting to be undertaken. Written by a talented wordsmith, that charming opus attracts readers on an introspective journey, lightly unraveling the veiled truths and profound impact resonating within the very cloth of each word. Within the mental depths with this moving review, we will embark upon a genuine exploration of the book is primary themes, dissect its charming writing type, and fail to the effective resonance it evokes heavy within the recesses of readers hearts.
