*Transnational Land Grabs and Restitution in an Age of the (De-) Militarised New Scramble for Africa: A Pan African Socio-Legal* Warikandwa, Tapiwa V., Nhemachena, Artwell, 2017-09-26 One of the fundamental challenges in deconstructing rethinking and remaking the world from a Pan African vantage point is that some captives have tended to delight in the warmth of the imperial predator's mouth In other words some captives forget that the imperial predator's mouth gets warm because empire is eating and heating up from prey on the continent De Militarisation Transnational Land Grabs and Restitution in an Age of the New Scramble for Africa A Pan African Socio Legal Perspective is a book that knocks on key aspects relating to land militarisation a PostAfrican World Order and a chaotic Post God World Order which require critical scholarly and policy attention in the quest to free Africa from centuries old imperial depredations The book carefully navigates the imperial entrapments which are designed to focus African attention only on decolonising African minds without also engaging in the imperially more unsettling decolonisation of African materialities

**Privatisation in Developing Countries** Paul Cook, Colin H. Kirkpatrick, 2000 In recent decades privatisation has been a key policy instrument in the move to more market based economic systems in all parts of the developing world Privatisation however has not necessarily been accompanied by an increase in market competition In recent years many public utilities have been privatised as monopolies and in addition regulatory systems have been developed to restrict their market power and protect the interests of consumers These authoritative volumes bring together a collection of important papers that have shed new theoretical and empirical insights into privatisation and regulation and have provided new policy perspectives in relation to developing countries Privatisation in Developing Countries will appeal to policymakers and researchers at the forefront of economic policy debates in developing countries
