Privatizing Government Information The Effects Of Policy On Access To Landsat Satellite Data:

Privatizing Government Information Kathleen M. Eisenbeis, 1995 a solid piece of research important certainly recommended to all in the LIS community who have any interest in government information policy LIBRARY QUARTERLY a major contribution to understanding the impact of the privatization of government information offers valuable insights that would be useful when other government information privatization schemes are examined or contemplated JOURNAL OF GOVERNMENT INFORMATION powerful it deserves to be carefully read by those who will be making future decision on U S technology and information policy JOURNAL OF ACADEMIC LIBRARIANSHIP Public Sector Information in the Digital Age Georg Aichholzer, Herbert Burkert, 2004-12-20 This timely volume reviews key issues and developments in the controversial area of public sector information PSI It addresses the fundamental themes challenges and conflicts surrounding the access to and use of PSI in the new digital era Using detailed empirical analyses and case studies from across Europe and the USA the authors focus on the crucial policy economic legal and social issues The public sector is the biggest single producer and holder of information including administrative and government documents regulatory texts political data and public registers The authors demonstrate that this huge store of information is a key resource for a broad range of stakeholders such as citizens civic organisations private businesses and public sector agencies They argue that charging the marginal cost of dissemination a policy favoured in the US will lead to optimal economic growth in society and will far outweigh the immediate perceived benefits of aggressive cost recovery Knowledge Power Renée Marlin-Bennett, 2004 A provocative introduction to the interconnected roles of intellectual property information and privacy and the rules that govern them in our lives and our global society NASA Spaceflight Roger D. Launius, Howard E. McCurdy, 2017-10-11 This book presents the first comprehensive history of innovation at NASA bringing together experts in the field to illuminate how public private and international partnerships have fueled new ways of exploring space since the beginning of space travel itself Twelve case studies trace the messy risky history of such partnerships exploring the role of AT all have challenged conventional methods of doing the public s business in space Together these essays offer new insights into how innovation happens with invaluable lessons for policymakers investors economists and members of the space community *The Rise of the Commercial Space Industry* Brian C. Odom, 2024-09-13 This collection explores the evolution of the commercial space industry from the beginning of the space age through the early twenty first century Today the space industry is taking on an increased leadership and innovation role in both space access and exploration The growth of commercial space over the past decades offers a potential new paradigm for space exploration one in which industry transitions from supplier to partner However many questions remain This book seeks to bring to light these questions which span from the most seemingly consequential how will humanity explore the Moon and Mars to the most basic what is commercial space To further develop the historical context of commercial space and thereby better inform decision making at NASA in the future this volume

examines a broad range of questions related to the history of commercial space operations including but not limited to how has the concept of commercial space evolved in different fields and disciplines What have been the major events and milestones in the emergence and evolution of commercial space activities in the USA and internationally How has the US Government assisted or impeded the emergence and evolution of commercial space activities Providing contributions from a range of different disciplines and backgrounds the authors of this volume offer valuable insights for scholars researching the history of space and space policy as well as decision makers working at NASA or within the wider space industry

The Impact of Information Policy Kirsti Nilsen, 2001 Annotation This book focuses on the effects of information policy from a governmental perspective and the effects of the ensuing agency information policies on social science research

History and Electronic Artefacts Edward Higgs, 1998 We are now entering a world of electronic communications where an increasing amount of contemporary information is created and retained only in electronic form How will such unstable flows of information be preserved for future historians Will the future have a past Will the history of our contemporary world be lost to our descendants History and Electronic Artefacts is the first publication to examine the implications of this revolution for historical research Historians are used to handling paper and parchment record in archives These are actual pieces of correspondence which passed between historical actors They are also relatively stable artefacts which can be preserved easily Two factors introduced by the electronic revolution threaten the existence of paper archives the dissociation between information content and the media by which it is transmitted ruptures the solidity of the archival object The ability to store electronic information anywhere and access it remotely via networks could make the central paper archive redundant Experts from the fields of information management and technology data archiving library science as well as historians consider the issues raised in depth The authors also place a unique emphasis on European developments
