**United States. Census Office. 10th
census, 1880**

Privilege Hb:

... **Tenth Census: Water power, pts. 1-2** United States. Census Office,1885 **The Secrets of Law** Austin Sarat,Lawence Douglas,Martha Merrill Umphrey,2012-10-31 The Secrets of Law explores the ways law both traffics in and regulates secrecy Taking a close look at the opacity built into legal and governance processes it explores the ways law produces zones of secrecy the relation between secrecy and justice and how we understand the inscrutability of law s processes The first half of the work examines the role of secrecy in contemporary political and legal practices including the question of transparency in democratic processes during the Bush Administration the principle of public justice in England s response to the war on terror and the evidentiary law of spousal privilege The second half of the book explores legal literary and filmic representations of secrets in law focusing on how knowledge about particular cases and crimes is often rendered opaque to those attempting to access and decode the information Those invested in transparency must ultimately cultivate a capacity to read between the lines decode the illegible and acknowledge both the virtues and dangers of the unknowable
