Scenes & Characters of the Middle Ages Edward Lewes Cutts, 1872 HBO's Girls Betty Kaklamanidou, Margaret Tally, 2014-03-25 Young women today have achieved as much as and in many cases far exceeded males in both educational and occupational terms While this presents many opportunities it also creates confusion in terms of re negotiating traditional gender roles The fictional representation of young women in recent film and television shows demonstrates how these tensions created by the specific sociopolitical climate of the post recession era are being worked out One specific television show focused on intelligent young women caught up in these contradictions is Girls The show explores the lives of four female friends living in Brooklyn two years after their college graduation as they try to support themselves with low paying jobs and deal with various struggles around relationships careers and friendships The HBO half hour sitcom created written by and starring Lena Dunham premiered on April 15th 2012 after receiving a flood of initial buzz and criticism both positive and negative This collection is the first to discuss the cultural political and social implications of this innovative series The contributors examine Girls through a variety of lenses sexual racial gender relationships between the male and female characters as well as friendships between the young women This variety of perspectives explains why Girls has had the profound cultural impact it has made in the short time it has been on the air *Virtual Character Design for Games and Interactive Media* Robin James Stuart Sloan, 2015-05-07 While the earliest character representations in video games were rudimentary in terms of their presentation and performance the virtual characters that appear in games today can be extremely complex and lifelike These are characters that have the potential to make a powerful and emotional connection with gamers As virtual characters become more **Privileged Characters** Morris Robert Werner, 1974-01-01 **Timothie Bright and the Origins of Early Modern Shorthand** James Dougal Fleming, 2024-06-14 In Timothie Bright and the Origins of Early Modern Shorthand J D Fleming brings together two areas of sixteenth century intellectual history One is the period emergence of artificial systems for verbatim shorthand notation a crucial episode in the history of information The other is the ancient medical discourse of melancholy humour or black bile Timothie Bright 1550 1615 physician and priest prompts the juxtaposition For he was the author not only of the period s original shorthand manual *Characterie* 1588 but also of the first book in English on the dark humour *The Treatise of Melancholy* 1586 Bright s account of melancholy involves a cybernetic phenomenology of the human Essentially we are psyches souls or minds We are sealed off from our bodies operating them as automata across an interface Psychological presence for Bright is illusion and pathology Engrossing performances or representations therefore bring great danger and so does the doctrine of predestination less for its content than its typical delivery Painful preaching was indispensable in sixteenth century English Protestantism But it falls foul of Bright s proscriptions These are followed by his publication of the first known system for verbatim shorthand notation since antiquity its technique heavily inflected toward a vocabulary of the pulpit The passionate oral performance of the inspired

preacher receives an unprecedented textual preservative and prophylactic Bright's technology of information serves his phenomenology of alienation This book will be of interest to students and scholars of the early modern period the tradition of melancholy and the history of information as theory and technology **Deleuze's Cinema Books** David Deamer,2016-09-08 Deleuze's two Cinema books explore film through the creation of a series of philosophical concepts Not only bewildering in number Deleuze's writing procedures mean his exegesis is both complex and elusive Three questions emerge What are the underlying principles of the taxonomy How many concepts are there and what do they describe How might each be used in engaging with a film David Deamer's book is the first to fully respond to these three questions unearthing the philosophies inspiring Deleuze's classifications exploring every concept and reading a film for each Clearly and concisely mapping the Cinema books for newcomers to Deleuzian film studies Deamer also opens up new areas of enquiry for expert readers

Millennial Jewish Stars Jonathan Branfman,2024-06-18 Highlights how millennial Jewish stars symbolize national politics in US media Jewish stars have longed faced pressure to downplay Jewish identity for fear of alienating wider audiences But unexpectedly since the 2000s many millennial Jewish stars have won stellar success while spotlighting rather than muting Jewish identity In *Millennial Jewish Stars* Jonathan Branfman asks what makes these explicitly Jewish stars so unexpectedly appealing And what can their surprising success tell us about race gender and antisemitism in America To answer these questions Branfman offers case studies on six top millennial Jewish stars the biracial rap superstar Drake comedic rapper Lil Dicky TV comedy duo Abbi Jacobson and Ilana Glazer man baby film star Seth Rogen and chiseled film star Zac Efron Branfman argues that despite their differences each star's success depends on how they navigate racial antisemitism the historical notion that Jews are physically inferior to Christians Each star especially navigates racial stigmas about Jewish masculinity stigmas that depict Jewish men as emasculated Jewish women as masculinized and both as sexually perverse By embracing deflecting or satirizing these stigmas each star comes to symbolize national hopes and fears about all kinds of hot button issues For instance by putting a cuter twist on stereotypes of Jewish emasculation Seth Rogen plays soft man babies who dramatize and then resolve popular anxieties about modern fatherhood This knack for channeling national dreams and doubts is what makes each star so unexpectedly marketable In turn examining how each star navigates racial antisemitism onscreen makes it easier to pinpoint how antisemitism white privilege and color based racism interact in the real world Likewise this insight can aid readers to better notice and challenge racial antisemitism in everyday life **It Is Finished**

Janice Gaddy,2017-10-05 IT IS FINISHED Our Lord Jesus spoke these words on the Cross not long before His death Indeed the promise of redemption that was given so long ago was finally fulfilled Now all who would call upon the name of Jesus would be saved forevermore Entering the rest of God was once again a reality No more striving No more toiling In body soul and spirit we could experience the presence and power of God Yet how many Christians truly realize the fullness of their salvation How many continue to live in fear depression condemnation and lack How many understand what was finished and

who they truly are in Christ Jesus Through the words in this devotional you will find a beautiful unfolding of truth You will come to understand what was God s heart and plan for you from the beginning what really happened in the Garden of Eden and who you truly are because of what Christ Jesus accomplished on the Cross And as you read and grow each day in experiencing His love for you you will come to know a joy and peace and victory beyond what you have even imagined Truly IT IS FINISHED The Banking Crisis of 1933 Susan Estabrook Kennedy,2021-05-11 A well written carefully researched study of this dramatic episode in American financial history when the banking industry verged on complete collapse Business History Review On March 6 1933 Franklin D Roosevelt less than forty eight hours after becoming president ordered the suspension of all banking facilities in the United States How the nation had reached such a desperate situation and how it responded to the banking holiday are examined in this book the first full length study of the crisis Although the 1920s had witnessed a wave of bank failures the situation worsened after the 1929 stock market crash and by the winter of 1932 1933 complete banking collapse threatened much of the nation President Hoover s stopgap measures proved totally inadequate the author shows and by March 4 the day of Roosevelt s inauguration thirty four states had declared banking moratoriums Of special interest in this study is the author s examination of relations between Herbert Hoover and Franklin D Roosevelt Upon the book s publication Reviews in American History described The Banking Crisis of 1933 as by far the best and most comprehensive study that has appeared and praised its clear and readable style **Lippincott's Monthly Magazine** ,1898
