Privity Private Justice Or Public Regulation:

Contract Law Adam Kramer KC, 2010-01-02 This is a new type of book It provides an index of the most useful and important academic and other writings on contract law whether published in articles or journal chapters or as books These writings with their full citation are gathered under familiar contract law subject headings and the most significant half of them are digested in a summary of a few lines each The book aims to cover all writings published in the English language about the Common Law of contracts and includes sections on contract theory and the history of contract law as well as sections for the more traditional substantive topics such as the interpretation of contracts penalty clauses remoteness of damage and anticipatory breach This work should prove an invaluable resource for practitioners academics and students increasing awareness of important writings and saving readers time by familiarising them with the work that has already been done in their particular fields

Contract as Assumption Brian Coote, 2010-04-02 It has many times been said that contracts involve assumptions of obligation or liability but what that means and what it is that is assumed have not often been discussed It is to further such discussion that some of the author's previously published writings around this subject have been brought together in this book His basic premises are that contractual obligation and liability in this context are two sides to the same coin and that an assumption of one is an assumption of both Parties are bound not because liability has been imposed upon them by law as a result of their having entered into a contract but because in the act of assuming they have imposed it upon themselves Contract provides a facility the purpose of which is to enable this to be done within the limits prescribed by law The implication of these premises are much more significant than might be supposed when applied to such areas of contract as formation consideration intention to contract exception clauses privity and damages The book concludes with a treatment of the role of assumption in tort Because of the importance of its subject matter and its wide ranging treatment this book should appeal not only to teachers and postgraduate students of contract but also to practitioners in the field and to anyone else with an interest in contract theory

Privity Peter Kincaid, 2001 Privity is an extensive analysis of the theoretical issues raised by the question of third party rights in contract More than just an examination of the practical problems of the Privity rule itself it questions whether contract is to be seen as a matter of public regulation or private justice

The Law of Contract Roger Brownsword, 2003 The second edition of this successful work brings the coverage up to date with all key developments and relevant changes since 1998 It provides a comprehensive and authoritative treatment of all aspects of the law of contract It differs to other texts on the topic by offering a fresh new approach Analysing the current law it also highlights possible future developments Accessible and authoritative it is designed specifically to meet the needs of the modern practitioner

Basic Principles of Singapore Business Law Andrew Boon Leong Phang, 2004 This book is the collective effort of the Law Department of the Business School of the Singapore Management University It sets out in an accessible yet comprehensive fashion the basic principles of Singapore business law in the context

of contract tort business organisations agency intellectual property and international business Elements of the new economy in particular those pertaining to cyberspace are also incorporated wherever relevant Various difficult issues and controversies are also set out in a clear and systematic fashion in order to enable the reader to bring his or her analysis to bear on the issues concerned This book also includes the latest local as well as significant Commonwealth developments

The Adelaide Law Review ,2000 *Glossary of Technical Terms, Phrases, and Maxims of the Common Law* Frederic Jesup Stimson,1881 **Glossary of Technical Terms, Phrases and Maxims of the Common Law** Stimson,1881 *Law Books Published* ,2002 **Revue hellénique de droit international** ,2003 *Book Review Index* ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index **Forthcoming Books** Rose Arny,2001-06 **The British National Bibliography** Arthur James Wells,2001 Current Law Index ,2007 Digest of the Decisions of the Supreme Court of the State of New York Oliver Lorenzo Barbour,1880 *The Imperial Dictionary, English, Technological, and Scientific* John Ogilvie,1871 **A Dictionary of American and English Law** Stewart Rapalje,Robert Linn Lawrence,1883 *United States Supreme Court Reports* United States. Supreme Court,1887 First series books 1 43 includes Notes on U S reports by Walter Malins Rose *Judicial Process and Judicial Policymaking* George Alan Tarr,1999 The author presents a policy focus in his discussion of judicial process Rather than limit the text to coverage of the U S Supreme Court he examines the judiciary as the third branch of government He also asks students to evaluate the organization function and impact of the courts on and within government *The Canada Law Journal* ,1879
