Prizefighters An Intimate Look At Champi:

Prizefighter - The Searing Autobiography of Britain's Bareknuckle Boxing Champion Decca Heggie, 2017-06-08

You can get a couple of years for beating the shit out of another bloke or a couple of grand I chose to do the latter Decca's story is that of a bullied boy with an impossible dream Of solvent abuse violence drug addiction depression boxing and bareknuckle fighting but ultimately redemption It begins on a council estate in Carlisle where as the victim of cruel bullies a young Decanaesthetised himself from the pain and humiliation by sniffing solvents In his mid teens the fear fell away to be replaced by fury as the bullies discovered to their cost Memories of that frightened boy fuelled a rage that forged a fearsome street fighter and future champion Working on the doors attracted more trouble but further enhanced his growing reputation At the age of nineteen life was good until the love of his life left him Depression set in and prevailed For almost ten years he fell prey to a rampant cocaine habit which provoked his demons making him unpredictable and dangerous to be around Serious jail time seemed inevitable Out of sheer desperation his Dad arranged Decca's first unlicensed boxing match He won and became instantly hooked Having gotten fit hungry and off the drugs he was lured into the bloody arena of bareknuckle fighting Many brutal undefeated fights followed as did two BKB heavyweight titles A chance meeting with renowned boxing promoter Ricky English led to Decca's shot at the iconic Guv nor title The rest as they say is history Aethlon, 1995 The

journal of sport literature **T. J.'s Story** Arlene Schulman, 1998 T J Olsen is nine years old and has been blind since he was 11 months old Narrated in the first person this book tells what it is like to live as a blind person T J talks about reading in Braille using special equipment at the public school he attends with his sighted classmates using a cane and playing games with friends Prizefighting Arne K. Lang, 2014-09-17 This work brings a fresh perspective to the history of modern

prizefighting a sport which has evolved over several centuries to become one of mankind's most lasting and valued sporting attractions With his primary focus outside the ropes the author shows how organizers publicity agents and political allies overcame both legal and moral roadblocks to make fisticuffing a lively commercial enterprise The book begins with the clandestine bare knuckle fights in eighteenth century London and ends with the vibrant large scale productions of modern Las Vegas fight nights Along the way he explains many of the myths about antiquarian prizefighters describes the origins of slave fight folklore and examines the forces that transformed Las Vegas into the world's leading venue for important fights

Looking at the Stars Carrie Teresa, 2019-06 As early as 1900 when moving picture and recording technologies began to bolster entertainment based leisure markets journalists catapulted entertainers to godlike status heralding their achievements as paragons of American self determination Not surprisingly mainstream newspapers failed to cover black entertainers whose inherent inferiority precluded them from achieving such high cultural status Yet those same celebrities came alive in the pages of black press publications written by and for members of urban black communities In Looking at the Stars Carrie Teresa explores the meaning of celebrity as expressed by black journalists writing against the backdrop of Jim

Crow era segregation Teresa argues that journalists and editors working for these black centered publications rather than simply mimicking the reporting conventions of mainstream journalism instead framed celebrities as collective representations of the race who were then used to symbolize the cultural value of artistic expression influenced by the black diaspora and to promote political activism through entertainment The social conscience that many contemporary entertainers of color exhibit today arguably derives from the way black press journalists once conceptualized the symbolic role of celebrity as a tool in the fight against segregation Based on a discourse analysis of the entertainment content of the period s most widely read black press newspapers Looking at the Stars takes into account both the institutional perspectives and the discursive strategies used in the selection and framing of black celebrities in the context of Jim Crowism
