Focus On: 100 Most Popular WWE Hall of Fame Wikipedia contributors, *Historical Dictionary of Wrestling* John Grasso, 2014-03-06 Wrestling as a legitimate contest is one of the oldest if not the oldest form of sport. There are cave drawings in France that depict memorable matches which are over 15 000 years old. Egyptian and Babylonian reliefs depict wrestling bouts where wrestlers are using most of the holds known to the modern day sport. Wrestling was also a big part of ancient Greek literature and legend and historical records of sport indicate that wrestling under various sets of rules was contested at the Ancient Olympic Games in Greece. Today's modern wrestling is a form of sports entertainment in which highly skilled athletes enact wrestling matches in such a way so that their opponents do not get hurt and the matches endings are scripted although the audience is not aware of the script. This *Historical Dictionary of Wrestling* covers the history of Wrestling through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 600 cross-referenced entries on important amateur and professional wrestling personalities, announcers, managers and promoters from all eras and wrestling organizations. This book is an excellent access point for students, researchers and anyone wanting to know more about the sport of Wrestling.

The Pro Wrestling Hall of Fame : the Heels, 2007 From the critically acclaimed authors of *The Pro Wrestling Hall of Fame The Tag Teams* comes the most comprehensive look ever at the colourful villains, heels, bad guys and rule breakers who give professional wrestling so much of its character.
