Charles Hoffer**

Pro Life Activists In America Meaning Motivation And Direct Action:

Pro-Life Activists in America Carol J. C. Maxwell, 2002-08-12 Maxwell offers an oral history of pro life direct activism in America from the late 1970s to the early 1990s Through the stories of leaders and followers men and women Catholics and evangelicals Carol Maxwell explores the complex beliefs and desires that gave rise to this activism sustained and eventually undid it Maxwell s interdisciplinary approach weaves theory from sociology political science anthropology and moral philosophy She pays special attention to several key issues the role of the participants diverse concepts of salvation concerns about social change their unresolved grief their personal experiences of abortion and differences in men s and women s commitment to protest The book offers a unique window into the minds of individual protestors as they shifted from conventional activism to direct action and gives an important account of the direct action movement as its initial commitment to Ghandian non violence was broken by the lethal acts that accompanied its end *The Making of Pro-life Activists* Ziad W.

Munson, 2010-07-15 How do people become activists for causes they care deeply about Many people with similar backgrounds for instance fervently believe that abortion should be illegal but only some of them join the pro life movement By delving into the lives and beliefs of activists and nonactivists alike Ziad W Munson is able to lucidly examine the differences between them Through extensive interviews and detailed studies of pro life organizations across the nation Munson makes the startling discovery that many activists join up before they develop strong beliefs about abortion in fact some are even pro choice prior to their mobilization Therefore Munson concludes commitment to an issue is often a consequence rather than a cause of activism The Making of Pro life Activists provides a compelling new model of how people become activists while also offering a penetrating analysis of the complex relationship between religion politics and the pro life movement Policy makers activists on both sides of the issue and anyone seeking to understand how social movements take shape will find this book essential

The Pro-Life Pregnancy Help Movement Laura S. Hussey, 2020-02-03 There is more to the pro life movement than campaigning against abortion That at least is the logic behind a large and growing network of pro life pregnancy centers offering help to pregnant women As these centers face increasing scrutiny this book offers the first social scientific study of the pro life pregnancy help movement The work being performed at pro life pregnancy centers maternity homes and other charitable agencies is Laura S Hussey suggests distinguished by several strategic features it is directed at non state targets operates in largely privatized venues employs service provision as its primary tactic and aims to address causes popularly associated with its countermovement such as women s including poor women s wellbeing and empowerment The motives and nature of the services such pregnancy centers deliver have become the subjects of competing political narratives but until now very little empirical research A rich mixed method study including data from two original national surveys and extensive interviews Hussey s book adjudicates these opposing views even as it provides a measured look at the identity work history and impact of pro life pregnancy centers and related service providers

as well as their relations with the larger American antiabortion movement To what extent is pro life pregnancy help work primarily geared to serving women versus saving babies Pursued in these pages the answer has broad implications for the wider study of social action and the pro life movement and for the future of the American abortion conflict Interest Groups in American Politics Anthony J. Nownes,2023-06-20 Americans regularly rail against so called special interests Yet many members of society are themselves represented in one form or another by organized groups trying to affect government decisions Interest Groups in American Politics Third Edition is grounded by the role of information in interest group activity a theme that runs through the book This concise thorough text demonstrates that interest groups are involved in the political system at all levels of government federal state and local and in all aspects of political activity from election campaigns to agenda setting to lawmaking and policy implementation Rather than an anomaly or distortion of the political system interest group activity is a normal and healthy function of a pluralist society and democratic governance Nonetheless Nownes warns of the dangers of unwatched interest group activity especially in the realms of the electoral process and issue advocacy This much anticipated third edition of Nownes s text retains a student friendly tone It thoroughly updates the references to interest group research social media activity new foreign actors in American politics and political action committee PAC and party connections Numerous figures and tables throughout the book help students visualize significant trends and information New to the Third Edition A new section in Chapter 1 Interest Groups in the United States on social movements in the US A new section in Chapter 4 The Non Lobbying Activities of Interest Groups on how interest groups use social media to recruit members and burnish their image A new section in Chapter 5 Direct Lobbying about lobbying regulation how it affects group behavior and shadow interests New data in Chapter 6 Electoral Lobbying on how and how much groups spend on PACs super PACs and other vehicles for election spending A new section in Chapter 7 Indirect Lobbying on how interest groups use social media and new technology to affect political outcomes A new section in Chapter 8 Interest Groups and Political Parties on interest groups the Republican Party and President Donald Trump New information in Chapter 9 The Influence of Interest Groups on the latest research on interest group power and influence The new section will cite the latest literature on the growing power of business Encouraging and Supporting Student Inquiry Harriet S. Selverstone,2007-09-30 Assignments that engage students in inquiry topics of their own choosing contribute to motivation and thus to learning Very often the topics chosen particularly by high school students are considered controversial by school administration parents community organizations and others This practical book discusses the processes actions and policies needed to support and encourage high school students in that type of inquiry Building trusting relationships over time with administration and the school community will be stressed as a way to build a community of true inquiry in your school and library Classroom teachers and high school librarians will value the advice and scaffolding techniques presented that will enable their school and high school library to become a safe place for student inquiry into issues of their own choosing

controversial or not The author draws on her 30 plus years as a high school librarian deeply concerned with the intellectual freedom of the researchers in her library media center and with offering help and reassurance to those trying to implement school library programs that allow all voices to be heard Grades 9 12 A Nation of Outsiders Grace Elizabeth Hale,2014 A broad cultural history of the postwar US this book traces how middle class white Americans increasingly embraced figures they understood as outsiders and used them to re imagine their own cultural position as marginal and alienated Romanticizing outsiders and becoming rebels middle class whites denied the contradictions between self determination and social connection **After Roe** Mary Ziegler,2015-06-08 In the decade after the 1973 Supreme Court decision on abortion advocates on both sides sought common ground But as pro abortion and anti abortion positions hardened over time into pro choice and pro life the myth was born that Roe v Wade was a ruling on a woman s right to choose Mary Ziegler s account offers a corrective The American Pro-Life Movement and Its Effect on State Abortion Legislation Jon Christopher Pennington,2005 The Abortion Rights Controversy in America N. E. H. Hull,Williamjames Hoffer,Peter Charles Hoffer,2004 Abortion Rights Controversy in America A Legal Reader **Culture Wars** Roger Chapman,2010 Featuring hundreds of A Z entries and numerous photos the set examines the history and relevance of the issues events controversies personalities groups and concepts that have contributed to the political and social polarization of American society over recent decades It details hot button topics as well as the role of the media in defining and shaping these issues everything from abortion the Christian Coalition the environmental movement feminism and gay rights to illegal aliens pornography stem cell research Watergate and zero tolerance A topic finder bibliography and index add to the set s utility

Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur ,2004 *Journal of Contemporary Issues* ,2003 Faith-based Radicalism Christiane Timmerman,2007 Terror attacks against Western symbols of power suicide terrorism in Chechnya or bombing of abortion clinics in the United States these are a few of the violent religious outbursts that the media never seem to stop broadcasting While these outbursts are mostly linked to Islamic extremism it should however be acknowledged that every religion has its own violent side Despite all the events the media are too prompt to show us it would be dishonest and insensible not to accept that every religion has also a potential for religious peace building and communal renewal How can it be explained then that religions sometimes react violently against the society surrounding them by trying to overthrow it while at some other times they willingly help and try to build a better world for everyone The University Centre Saint Ignatius Antwerp organised an interdisciplinary summer seminar in September 2005 and gathered senior scholars all experts in their own fields and junior scholars who will be the experts of tomorrow from all over the world to discuss these burning issues The seminar focused on miscellaneous topics all pointing towards the question of religion and society like literalism and the Holy texts the ambivalence of faith based radicalism the psychology of religion and terrorism nationalism and religion and religious social movements Publisher **Readings on the Rhetoric of Social Protest**

Charles E. Morris, Stephen H. Browne, 2006 *Catholic and Protestant Conservatives* Elisabeth Waeckerlin, 2009 **Index to Jewish Periodicals**, 2005 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests Polityczne metody zwalczania terroryzmu Krzysztof Liedel, Joanna Marszałek-Kawa, Szymon Wudarski, 2006 **Perspectives on the Politics of Abortion** Ted G. Jelen, 1995-08-22 Perspectives on the Politics of Abortion examines the abortion issue from ethical empirical and legal angles and offers some rather unconventional analyses and surprising conclusions with regard to this familiar issue One chapter argues that the emphasis on rights has made illegal and occasionally violent activity on the part of pro life activists increasingly likely Another chapter suggests that abortion is an instance of the more general right to self defense A chapter considers the problem of abortion from the standpoint of participants in the political process And chapters examine the political tactics of the Roman Catholic Church and abortion rights in terms of constitutional due process This important volume adds new voices and perspectives to the abortion debate

Abortion Jacquelyn Landis, 2006 Abortion debates can be traced back to ancient times and yet today abortion remains a divisive and contentious issue This anthology analyzes the legal and political struggles surrounding the abortion controversy as well as the morality debates and political activism it has inspired This book provides a wide range of primary documents including speeches court cases personal reflections and newspaper accounts Essays by historians and modern scholars add background and insight to this highly controversial topic **Battleground** Kimberly P. Brackett, 2009 Everyone is part of a family but what constitutes a family is one of the most hotly debated issues in the United States today Battleground The Family provides extensive coverage of those critical issues in U S culture concerning current and future family life such as dating marriage parenting work and family abuse and divorce The scholarly contributors to this set provide unbiased coverage on these often incendiary topics allowing students to assess the role of these controversies in their own lives Entries thoroughly introduce the topic of concern describe the problem as it currently exists provide context for the controversies surrounding it synthesize the current knowledge on the topic and guide the reader to additional areas for consideration Battleground The Family serves as a starting point for those advanced high school and beginning undergraduate students who wish to pursue a more detailed study of family controversies and cultural concerns for classroom assignments Non specialist readers will also find this a useful resource in critically assessing current trends and conflicts in constituent groups conceptions of family Publisher
