Weeks, 2003-04-16 On June 22 1941 just less than two years after signing the Nazi Soviet Agreements Adolf Hitler's German army invaded the Soviet Union The attack hardly came as a surprise to Josef Stalin in fact history has long held that Stalin spent the two intervening years building up his defenses against a Nazi attack With the gradual declassifying of former Soviet documents though historians are learning more and more about Stalin's grand plan during the years 1939-1941 Longtime Soviet expert Albert L Weeks has studied the newly released information and come to a different conclusion about the Soviet Union's pre war buildup it was not precaution against German invasion at all In fact Weeks argues the evidence now suggests Soviet mobilization was aimed at an eventual invasion of Nazi Germany The Soviets were quietly biding their time between 1939 and 1941 allowing the capitalist powers to destroy one another all the while preparing for their own Westward march Stalin Weeks shows wasn't waiting for a Nazi attack Hitler simply beat him to the punch Stalin's Secret War Robert W.
