## **Problem Of Pure Consciousness Mysticism And Philosophy:**

**The Problem of Pure Consciousness** Robert K. C. Forman, 1990-03-29 Are mystical experiences primarily formed by the mystic's cultural background and concepts as modern day constructivists maintain or do mystics in some way transcend language belief and culturally conditioned expectations Do mystical experiences differ in the different religious traditions as pluralists contend or are they identical across cultures Twelve contributors here attempt to answer these questions through close examination of a particular form of mystical experience Pure Consciousness the experience of being awake but devoid of intentional content for consciousness The contributors analyze pure consciousness and other mystical experiences from historical Hindu Buddhist Christian and Jewish sources as well as from modern mystics They demonstrate that pure consciousness poses serious conceptual problems for a constructivist understanding of mysticism Revealing the inconsistencies and inadequacies of current models they make significant strides towards developing new models for the phenomenon of mysticism breaking new ground for our understanding of mysticism and of human experience in general

*Yoga, Meditation, and Mysticism* Kenneth Rose, 2016-09-08 Contemplative experience is central to Hindu yoga traditions Buddhist meditation practices and Catholic mystical theology and despite doctrinal differences it expresses itself in suggestively similar meditative landmarks in each of these three meditative systems In *Yoga Meditation and Mysticism* Kenneth Rose shifts the dominant focus of contemporary religious studies away from tradition specific studies of individual religious traditions communities and practices to examine the contemplative universals that arise globally in meditative experience Through a comparative exploration of the itineraries detailed in the contemplative manuals of Theravada Buddhism Patanjali's Yoga and Catholic mystical theology Rose identifies in each tradition a moment of sharply focused awareness that marks the threshold between immersion in mundane consciousness and contemplative insight As concentration deepens the meditator steps through this threshold onto a globally shared contemplative itinerary which leads through a series of virtually identical stages to mental stillness and insight Rose argues that these contemplative universals familiar to experienced contemplatives in multiple traditions point to a common spiritual mental and biological heritage Pioneering the exploration of contemplative practice and experience with a comparative perspective that ranges over multiple religious traditions religious studies philosophy neuroscience and the cognitive science of religion this book is a landmark contribution to the fields of contemplative practice and religious studies

Gleichgestaltet dem Bild Christi Claudia Kohli Reichenbach, 2012-01-27 Geistliche Begleitung als spezifisches Gesprächsangebot welches Themen der Spiritualität ins Zentrum rückt hat in den letzten Jahren an Bedeutung gewonnen Wer

den gegenwärtigen Markt Geistlicher Begleitung kritisch durchleuchtet stellt fest dass dieses Label viel weniger einheitlich ist als bisweilen suggeriert wird Es vereint Angebote die hinsichtlich des mit ihnen geforderten geistlichen Gestaltungsprozesses deutlich divergieren insofern als sie sich an unterschiedlichen Entwicklungsmomenten und Zieldimensionen orientieren Die vorliegende Studie hat es sich zur Aufgabe gemacht Prozesse Geistlicher Begleitung zu analysieren und in theologischer Perspektive zu diskutieren wobei dies im Blick auf den gesellschaftlichen und religiösen Kontext erfolgt in dem Geistliche Begleitung heute stattfindet Die Untersuchung geht davon aus dass die Wahrnehmung für diesen Kontext geschieht wird durch die konsequente Thematisierung von Pluralität wie sie in der Postmoderne geschieht und im ersten Teil der Arbeit in Auseinandersetzung und mit religionsphilosophischen und sozialpsychologischen Diskursen vollzogen wird Die Bestimmung des Gestaltungsprozesses Geistlicher Begleitung wird im zweiten Teil der Arbeit im Rahmen einer aszetischen Relecture von Bonhoeffers Briefen aus der Haft die für den gegenwärtigen Kontext neu aufgeschlüsselt werden theologisch vertieft

Auflage in allen Artikeln auf den neuesten Stand gebracht

The Innate Capacity Robert K. C. Forman, 1998 This book is the sequel to Robert Forman's well received collection The Problem of Pure Consciousness Oxford 1990 The essays in the earlier volume argued that some mystical experiences do not seem to be formed or shaped by the language system a thesis that stands in sharp contradistinction to deconstruction in general and to the constructivist school of mysticism in particular which holds that all mysticism is the product of a cultural and linguistic process In The Innate Capacity Forman and his colleagues put forward a hypothesis about the formative causes of these pure consciousness experiences All of the contributors agree that mysticism is the result of an innate human capacity rather than a learned socially conditioned and constructive process The innate capacity is understood in several different ways Many perceive it as an expression of human consciousness per se awareness itself Some hold that consciousness should be understood as a built-in link to some hidden transcendent aspect of the world and that a mystical experience is the experience of that inherent connectedness Another thesis that appears frequently is that mystics realize this innate capacity through a process of releasing the hold of the ego and the conceptual system The contributors here look at mystical experience as it is manifested in a variety of religious and cultural settings

including Hindu Yoga Buddhism Sufism and medieval Christianity Taken together the essays constitute an important contribution to the ongoing debate about the nature of human consciousness and mystical experience and its relation to the social and cultural contexts in which it appears      **Glorious Incomprehensible** Sheila A. Spector, 2001 Traces the evolution of hebraic etymologies and mystical grammars as indicators of a profound shift in Blake's subjective consciousness from the earliest prose tracts worked on before 1790 to the last years of his life when he was still completing Jerusalem

und der Westen 22 Roland Barthes Neutre auch ein mystisches Verfahren 23 Mystik heute     *Readings in the Philosophy of Religion* Andrew Eshleman, 2008-04-28 Offers an array of Western and non Western theistic and non theistic religious thought Combining key readings by contemporary philosophers with pivotal historical texts this anthology brings together some of the best work in both Western philosophy of religion and Eastern thought including selections on Hinduism Buddhism and Confucianism     **Journal for the History of Modern Theology** ,1998     Kriterion ,1993     **The Intersubjectivity of the Mystic** Mary Frohlich, 1993 In the popular mind the mystic is seen as the supreme solitary This image if accurate would make the mystical quest marginal in an era when much theology has emphasized socially responsible praxis Against the popular image Mary Frohlich develops a theological model based on the writings of Bernard Lonergan and the self psychology of Heinz Kohut that both respects mysticism's irreducible character and shows how it concretely transforms people and systems She then applies this model to an interpretation of a classic expression of spiritual transformation the Interior Castle of the sixteenth century mystic Teresa of Avila     The Sambandha-samuddeśa (chapter on Relation) and Bhartṛhari's Philosophy of Language Jan E. M. Houben, 1995 In the history of the Indian grammatical tradition Bhartṛhari about fifth century C E is the fourth great grammarian after Pāṇini Kātyāyana and Patañjali and the first to make the philosophical aspects of language and grammar the main subject of an independent work This work the Vyākaraṇa consists of about 2000 philosophical couplets or śloka's Since the latter half of the nineteenth century the VP has been known to Western Sanskritists but its language philosophical contents have started to receive serious attention only in the last few decennia The subject matter of the VP resonates strongly with crucial themes in twentieth century Western thought although the background and the way the issues are elaborated are quite different Scholars have compared and contrasted Bhartṛhari's ideas with those of de Saussure Wittgenstein and Derrida A theme which as a leitmotiv pervades the entire VP is the relation between language thought and reality In several Indian traditions a proper insight into this relation was and still is held to be of importance for attaining liberation     *Consciousness, Experience, and Ways of Knowing* ,2006 Contributed articles presented at the National Conference on Consciousness Experience and Ways of Knowing Perspectives from Science Philosophy and the Arts held at National Institute for Advanced Studies Bangalore from 6-7 Feb 2006     *Mysticism, Buddhist and Christian* Paul Mommaers, Jan van Bragt, 1995 This volume represents the first book length treatment in English of one of the greatest mystical writers in Christian history Jan van Ruusbroec 1293-1381 A careful reading of the texts by the Flemish historian Paul Mommaers focuses on two delicate relationships that between mysticism and religiosity and that between a mysticism of union in love and the more metaphysical mysticism of unity Winding in and out of this presentation is a commentary by theologian of religions Jan Van Bragt which attempts to place the problematic in a wider interreligious context by contrasting the spiritual path of Buddhism with that of the Christian mystical way The combined result is not only an original reading of the great Flemish love mystic but a groundbreaking attempt to view religious history through the dual

lenses of one's own faith and that of the faith of others Ruusbroec's approach is seen to challenge traditional ideas about differences between the Buddhist and Christian ways and to open new possibilities for further encounters at the level of mystical thought and practice      **Philosophy East & West** ,2000      *The Journal of the International Association of Buddhist Studies* International Association of Buddhist Studies,1993
