Problem Of God A Short Introduction:

The Problem of God Peter Adam Angeles. 1986 **The Problem of God** Peter A. Angeles, Peter A. Schoedinger, 1986 The material in this book is philosophically as opposed to theologically or religiously oriented stressing the problem of God as a logical and philosophical problem The perspective is critically analytic in the Naturalistic Humanistic tradition The basic approach is an issues or problems approach but this is set in a historical context with quotations from Greek philosophy the Church Fathers the Medieval period and from modern philosophers The aim is to enable students to see what is being said and has been said about God and thereby fits this into a better framework in the light of present knowledge and society It is hoped that students will develop an awareness and appreciation of the philosophical problems in the concept of God that they will acquire the ability to engage in intelligent evaluation and exchange of ideas and that they will display these qualities in their everyday thought This volume is by no means exhaustive of all the themes in the Philosophy of Religion The most fundamental ones about God's existence are covered thoroughly. The book is a starting point for more intensive work in the subject It lays down the basic groundwork for an easy transition to other topics and to more sophisticated thought patterns The writing has been kept as concise and elementary as possible with short sections on a variety of topics Very Short Introduction Stephen Law, 2011-01-27 Summary Philosopher Stephen Law explains why humanism though a rejection of religion nevertheless provides both a moral basis and a meaning for our lives publisher description **Introduction to the Hebrew Bible** John J. Collins, 2025-05-06 John J Collins s A Short Introduction to the Hebrew Bible is one of the most popular introductory textbooks in colleges and seminary classrooms Enriched by decades of classroom teaching it is aimed explicitly at motivated students regardless of their previous exposure to the Bible or faith commitments This more compact version of Collins's renowned Introduction to the Hebrew Bible is combined with even more student friendly features including charts maps photographs chapter summaries and bibliographies for further reading Collins proceeds through the canon of the Old Testament and the Apocrypha judiciously presenting the current state of historical archaeological and literary understanding of the biblical text and engaging the student in questions of significance and interpretation for the contemporary world The fourth edition is supplemented in areas that go beyond historical criticism and answer questions crucial for students today John J Collins discusses the issues that arise when studying the Hebrew Bible that aren't always addressed in introductory textbooks. The issues discussed include gender patriarchy social justice violence race and ethnicity environment salvation and death the messiah and colonialism In addition to the new essays John J Collins has updated bibliographies to include the most recent scholarship that students and professors need to know A Brief <u>Introduction to Martin Luther</u> Steven Paulson, 2017-01-17 In the sixteenth century Martin Luther started a reformation movement that revolutionized Europe and the history of the Christian faith His far reaching reforms of theological understanding and church practices dramatically changed both church and society in Europe and beyond In honor of the

500th anniversary of the Reformation Steven Paulson provides an engaging concise introduction to Martin Luther's life and the major themes in his theology Suffering in Mu'tazilite Theology Heemskerk, 2021-07-26 Abd al abb r d 1024 AD belonged to the Bah amiyya branch of the Basra Mu tazila The Mu tazilites upheld the principle of divine justice and from this perspective they attempted to explain the existence of pain and suffering This volume deals with Abd al abb r s opinions on different aspects of pain such as what pain is how it is perceived how it comes into existence how to judge the infliction of pain and for which purpose God imposes suffering on His creatures Attention is also given to opinions expressed by M nkd m and Ibn Mattawayh disciples of Abd al abb r Included is a historical survey of the Bah amiyya school The book sheds light on Abd all abb r s Mu tazilite method in dealing with the question of the existence of human suffering **Philosophy** Stephen P. Stich, Tom Donaldson, 2018 Featuring a remarkably clear writing style Philosophy is a brief and accessible guide that is comprehensive enough to be used on its own or as a supplement to any introductory anthology Focusing on the key issues in Western philosophy this text presents balanced coverage of each issue and challenges students to think critically New Scholasticism Edward Aloysius Pace, James Hugh Ryan, 1981 Includes section Book Reviews Traditions Joanne Robinson, 2015-12-17 Christians wait for prayers to be answered for an afterlife in heaven for the Virgin Mary to appear and for God to speak They wait to be liberated from oppression to be saved or born again for Easter morning to dawn for healing for conversion and for baptism Waiting and the disappointment and hope that often accompany it are explained in terms that are at first glance remarkably invariant across Christian traditions what will happen on God s time A study of sources from across Christian traditions shows that there is considerable complexity beneath this surface claim Understandings of free will and personal agency alongside shifts in institutional and theological commitments change the ways waiting is understood and valued Waiting is often considered a positive state to be endured as long as God wills and that fundamental understanding helps keep the promises at the heart of Christianity alive Scholars have long overlooked the problem and promise of waiting despite or perhaps because of its prevalence Indeed there are relatively few mystics few who have undergone sudden conversion and few who have attained saintly status Many however have waited and that problem remains prominent and its solutions remain influential in Christian traditions today Iubilee in the Bible Lidija Gunjević, 2017-10-02 The biblical message of Jubilee is becoming more credible in our days in dealing with the socio economic and moral spiritual issues of today s world It continues to exercise a powerful influence on the religious thoughts and actions of God's people In addition to that this book reveals a new hermeneutical code of reading and interpreting the message of Jubilee The synthesis of the exegetical analysis of the biblical texts regarding the Jubilee and Sabbath Sabbath year and Moltmann's understanding of this subject reveals the meaning and significance of the topic how it is recognized as well as its implications in today s world This synthesis reveals a new vision and starting point for socio economic and moral spiritual reform in our time The biblical Sabbat Jubilee traditions are much richer than we thought This book shows it

Theologically often neglected they are a source of new ideas to solve problems of human community and the ecology of the earth That my theological works can be used to apply them today is a surprise to me a happy surprise J rgen Moltmann
