Problemas Metodológicos De Las Ciencias:

Problemas metodológicos de las ciencias sociales en el Perú Julio Víctor Mejía Navarrete, 2002 Se recoge los avances del pensamiento postpositivista en especial del papel decisivo del sujeto en la construcción del conocimiento científico También se resalta las implicancias de la teoría de la reflexividad en el proceso de la investigación social Finalmente se analiza las principales técnicas de investigación social desarrolladas en los últimos años Metodología de la ciencia política Eva Anduiza Perea, Ismael Crespo, Ismael Crespo Martínez, Mónica Méndez Lago, 2009 Este manual presenta y explica las principales etapas de la investigación discute las dificultades que suelen presentarse a lo largo de la misma y se proponen ejemplos sobre cómo abordarlas El libro enfatiza la importancia de poner la metodología al servicio de los interrogantes sustantivos de cada investigación Para ello es crucial definir buenas preguntas elaborar marcos teóricos que las intenten contestar y diseñar estrategias de investigación que minimicen los riesgos de error en las conclusiones de la investigación Se dedica especial atención además a la elaboración conceptual de crucial importancia en un ámbito académico que comparte lenguaje con el ciudadano de a pie los políticos y los medios de comunicación Se analizan las distintas alternativas para contrastar hipótesis explicativas método experimental estadístico y comparado y se repasan distintas fuentes de datos al alcance de los investigadores interesados en el ámbito de la ciencia política Se trata de una obra imprescindible para las personas que inician su trayectoria investigadora así como para la docencia en el ámbito de la metodología de la investigación social y política **La metodología del diagnóstico en el enfoque "investigación adaptativa"** Frans Johan Doorman, 1991 Metodología de las ciencias sociales Felix Kaufmann, 2023-12-12 El plan de este trabajo obedece a la convicción de que muchas de las controversias metodológicas más violentas dentro del campo de las ciencias sociales han llegado ya a un período de madurez que aconseja la conveniencia de una decisión Este plan es viejo pero su desarrollo requiere preparativos muy cuidadosos sobre cuya índole ofrecen una indicación parcial las publicaciones que se citan al final Lo que me ha movido además de la necesidad de fundamentar aquella convicción ha sido el fin didáctico de ofrecer a los investigadores sociales ocupados con los problemas más abstractos y también a los estudiantes más adelantados una visión de conjunto de la interconexión de los problemas teóricos de lo social con aquellas ciencias que al parecer se hallan muy lejos de la teoría pura y la teoría general del conocimiento procurando al mismo tiempo desarraigar toda una serie de prejuicios que se oponen a la comprensión del verdadero sentido de la investigación científica de lo social y a su desarrollo sin trabas Las razones que explican la estructura de esta obra se podrán encontrar en la introducción En este lugar quiero tan sólo indicar que bien pudieran aumentar las aplicaciones que en la segunda parte se hacen a algunos problemas de la teoría social de los resultados generales de la teoría de la ciencia obtenidos en la primera parte lo que espero que pronto ocurra gracias a la colaboración de un número mayor de investigadores y que por lo tanto no he puesto demasiado empeño por lograr una correspondencia exacta y minuciosa de los análisis desarrollados en cada una de las partes Semejante empeño hubiera

perjudicado al oscurecerlo mi propósito principal expositivo de la problemática científico-teórica general Felix Kaufmann
