## **Problems And Poetics Of The Nonaristotelian Novel:**

**Problems and Poetics of the Nonaristotelian Novel** Leonard Orr, 1991 In this work an alternative tradition in fiction is played off against the mainstream novel genre conventions reader expectations and the audience's worldview

*Narrative im Bruch* Anna Babka, Marlen Bidwell-Steiner, Wolfgang Müller-Funk, 2016-08-15 Aus genuin transdisziplinärer Perspektive entfaltet und diskutiert der Band insbesondere theoretische Fragestellungen die sich aus der Beziehung von Narration und Bruch ergeben Dabei kommen nicht nur vielfältige narratologische Modelle zu Wort vielmehr wird das Thema der gebrochenen und brüchigen Narrative auch im Hinblick auf theoretische Basiskonzepte vielstimmig erörtert und breit konturiert Das Spektrum der Beiträge reicht von gleichsam neo narratologischen zu kognitionstheoretischen von philosophisch dekonstruktiven zu gender und queertheoretischen bis hin zu biographie und autobiographietheoretischen Ansätzen

*Negotiating the New in the French Novel* Teresa Bridgeman, 2005-08-16 Applies insights from pragmatic theory to the French novel in order to examine its discourse conventions Focusing on texts by some of the greatest and most innovative French novelists

**Mimesis and Metatextuality in the French Neo-classical Text** Mary Jo Muratore, 1994

**Unnatural Narratives - Unnatural Narratology** Jan Alber, Rüdiger Heinze, 2011-09-29 In recent years the study of unnatural narratives has become an exciting new but still disparate research program in narrative theory For the first time this collection of essays presents and discusses the new analytical tools that have so far been developed on the basis of unnatural novels short stories and plays and extends these findings through analyses of testimonies comics graphic novels films and oral narratives Many narratives do not only mimetically reproduce the world as we know it but confront us with strange narrative worlds which rely on principles that have very little to do with the actual world around us The essays in this collection develop new narratological tools and modeling systems which are designed to capture the strangeness and extravagance of such anti realist narratives Taken together the essays offer a systematic investigation of anti mimetic techniques and strategies that relate to different narrative parameters different media and different periods within literary history

**Comparative Criticism: Volume 14, Knowledge and Performance** E. S. Shaffer, 1992-10-22 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives

**A Companion to Narrative Theory** James Phelan, Peter J. Rabinowitz, 2008-04-15 The 35 original essays in *A Companion to Narrative Theory* constitute the best available introduction to this vital and contested field of humanistic enquiry Comprises 35 original essays written by leading figures in the field Includes contributions from pioneers in the field such as Wayne C Booth Seymour Chatman J Hillis Miller and Gerald Prince Represents all the major critical approaches to narrative and investigates and debates the relations between them Considers narratives in different disciplines such as law and medicine Features analyses of a variety of media including film music and painting Designed to be of interest to specialists yet accessible to readers with little prior knowledge of the field

**Konstruierte Wirklichkeiten**

Herbert-Günther Klein,1998      **New Comparison** ,1993      Reference Guide to English Literature D. L. Kirkpatrick,1991  
 Concise discussions of the lives and principal works of writers from Britain Ireland Australia Canada New Zealand and  
 English speaking Africa Asia and the Caribbean Written by subject experts      **The Inn and the Traveller** Will  
 McMorran,2002 This comparative study explores the special part played by the inn tracing the progress of a succession of  
 wayward heroes and narrators in five canonical texts including Cervantes s Don Quijote and Fielding s Joseph Andrews and  
 Tom Jones      **Yeats and Postmodernism** Leonard Orr,1991 In the last twenty five years there has been a revolution in  
 literary study in the English speaking world involving two related shifts in understanding One is the recognition that the  
 study of literature requires a theoretical grounding and the other is an acknowledgement that such a grounding is contingent  
 upon the realization that ours is a postmodernist world Despite much resistance from traditional literary historians and  
 formalist critics both of these assumptions influence many of today s most forceful and insightful academic literary analyses  
 Yet Yeats scholarship has remained largely embedded in traditional modes of critical theory For the first time this collection  
 of original essays applies a wide spectrum of contemporary critical theories to major works in the Yeats canon serving as  
 models of how to read and work with Yeats from a postmodernist poststructuralist perspective R B Kershner for example  
 uses Bakhtin and medical psychological studies of dyslexia to consider the written versus the oral and the inner dialogization  
 of Yeats s writing Cheryl Herr provides a juxtaposition of the major concepts of Foucault s work especially the notion of the  
 episteme from *The Order of Things* as applied to Yeats s *Vision* and Ronald Schleifer considers the designing gestures of  
 postmodern rhetoric found in Yeats using the work of Lyotard Jameson O Hara and Derrida These and other provocation  
 essays which challenge us to rethink out most basic notions of how to read Yeats offer ample evidence of the remarkable new  
 perceptions that can be gained from applying poststructuralist criticism to Yeats      *A Joseph Conrad Companion* Leonard  
 Orr,Theodore Billy,1999-07-30 Best known as the author of *Heart of Darkness* 1899 Joseph Conrad 1857 1924 is one of the  
 most widely taught writers in the English language In addition to his novels he wrote several pieces of short fiction essays  
 and memoirs He also wrote numerous letters which help shed light on his troubled life and career This reference book is a  
 thorough guide to the entire body of his writings and to the experiences that helped generate them A biographical chapter  
 discusses research on Conrad s life and tells the story of his birth in a Ukrainian area of Poland under Czarist Russian rule  
 his sea career in France and England his travels throughout Asia South America and Africa and his maturation as a writer  
 The chapters that follow are written by expert contributors and explore each of his major works in detail Other chapters  
 explore his voluminous correspondence his later novels his short fiction and other writings Thus the volume provides those  
 new to Conrad with essential biographical bibliographical and contextual information while it simultaneously offers  
 experienced readers of Conrad new critical perspectives      *American Book Publishing Record* ,1990      *Literary Criticism*  
*Register* ,1991      **Joyce Studies Annual** ,1993      **The Biblical Web** Ruth ApRoberts,1994 These lively and varied essays

suggest that even aside from its religious significance the Bible has had a profound literary impact on Western culture
