Problems Of Philosophy Introductory Readings:

The Problems of Philosophy William P. Alston, Richard B. Brandt, 1970 The Problems of Philosophy William P. Alston, Richard B. Brandt, 1978 A Companion to Experimental Philosophy Justin Sytsma, Wesley Buckwalter, 2016-03-28 This is a comprehensive collection of essays that explores cutting edge work in experimental philosophy a radical new movement that applies quantitative and empirical methods to traditional topics of philosophical inquiry Situates the discipline within Western philosophy and then surveys the work of experimental philosophers by sub discipline Contains insights for a diverse range of fields including linguistics cognitive science anthropology economics and psychology as well as almost every area of professional philosophy today Edited by two rising scholars who take a broad and inclusive approach to the field Offers a complete introduction for non specialists and students to the central approaches findings challenges and controversies in experimental philosophy Dictionary Of Modern American Philosophers John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought Introductory Readings in Philosophy Marcus George Singer, Robert R. causation as a solution to the problem of personal freedom Epicurus on Freedom Tim O'Keefe, 2005-07-28 In this 2005
book Tim O Keefe reconstructs the theory of freedom of the ancient Greek philosopher Epicurus 341 271 0 BCE Epicurus
theory has attracted much interest but our attempts to understand it have been hampered by reading it anachronistically as
the discovery of the modern problem of free will and determinism O Keefe argues that the sort of freedom which Epicurus

wanted to preserve is significantly different from the free will which philosophers debate today and that in its emphasis on
rational action it has much closer affinities with Aristotle s thought than with current preoccupations His original and
