Problems Of Contemporary Militarism:

Problems of Contemporary Militarism Asbjørn Eide, Marek Thee, 2021-05-30 This book first published in 1980 presents a comprehensive and detailed look at the problem of international militarisation It examines the key issues the meaning of the problem the international context and the spread of militarism to the Third World its fast growth and dangerous implications including to the development of often poorer countries *Militarization, Internal Repression and Social Welfare in the Third World* Miles D Wolpin, 2023-10-27 First published in 1986 Militarization Internal Repression and Social Welfare in the Third World argues that there is a relationship between the level of a regime s military spending and the degree of internal repression it inflicts This book presents a detailed empirical analysis of this situation and presents the results of more than three dozen researchers who have published comparative or case studies of the substitution effects of military expenditures in socio economic areas While the primary concern is with the Third World the book also analyses the costs to advanced capitalist and to state socialist systems and discusses their role in further militarization This book will be of interest to students of political science international relations colonialism and area studies Military Thought ,1993 **The Military and Democracy in Asia and the Pacific** Ronald James May, Viberto Selochan, 2004-03-01 In The Military and Democracy in Asia and the Pacific a number of prominent regional specialists take a fresh look at the military s changing role in selected countries of Asia and the Pacific particularly with regard to the countries performance against criteria of democratic government Indonesia Thailand the Philippines Burma Pakistan Bangladesh South Korea Fiji and Papua New Guinea all fall under the spotlight as the authors examine the role which the military has played in bringing about changes of political regime and in resisting pressures for change Military Strategy, Joint Operations, and Airpower Ryan Burke, Michael Fowler, Jahara Matisek, 2022 Military Strategy Joint Operations and Airpower introduces students to contemporary strategy and the operational level of war particularly as it relates to airpower Developed as foundational reading for all US Air Force Academy cadets this intermediate textbook is designed to close the gap between military theory and practice It covers strategic foundations operational design and joint service operations the air space and cyber capabilities that comprise modern airpower and contemporary challenges in the application of strategy In this second edition each chapter has been updated and revised and several sections have been expanded Part II Military Forces and the Joint Fight is now has separate chapters about each service in addition to a chapter on joint structure Similarly operational design is expanded from one to four chapters to provide a more thorough step by step guide through the process New chapters in this second edition include Integrating the Instruments of Power The Spectrum of Conflict and Range of Military Operations and The Nuclear Weapons Triad and Missile Defense This book s contributing authors and editors include both military practitioners and scholars of security studies political science and history In addition to being required reading for Air Force cadets and ROTC students the book will provide an essential overview of strategy and practice for anyone interested in modern airpower **Army**

,1973 Commandant's Annual Report Judge Advocate General's School (United States. Army),1970 **Moral Issues in Military Decision Making** Anthony E. Hartle,2004 Much has changed in warfare in recent years with America now dominant on the international scene and terrorism the new enemy In light of these changes the need for moral grounding in military actions is a more pressing concern than ever When it was originally published *Moral Issues in Military Decision Making* reflected the concerns posed by nuclear stalemate and the lessons of Vietnam In that highly praised work Anthony Hartle outlined the essential elements of the Professional Military Ethic created for American military forces In this new edition he reexamines the moral foundations for America s military leadership in the post 9 11 era Considering world affairs since the first edition the Gulf War Bosnia Afghanistan Iraq 9 11 and the emergence of the United States as an unrivaled military power Hartle explains how these events have raised ethical issues that differ dramatically from those of the Cold War by the war on terrorism homeland defense asymmetric warfare the proliferation of American military interventions and the UN s role in peacekeeping operations Using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture challenging superior officers use of overwhelming force and responding to fire in the presence of civilian shields In this revision Hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research In a new chapter on human rights he relates moral principles directly to values embedded in the Constitution and argues that overwhelming American military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect difficulties of applying conventional laws of war and human rights doctrine in military operations Hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of America s citizens and borders His book demonstrates that the American military must continue to observe those principles in order to be effective in its primary mission **Annual Report** Judge Advocate General's School (United States. Army),1972 **The Military and Militarism in Africa** Eboe Hutchful,Abdoulaye Bathily,1998 Journal of Asian and African Affairs ,1990 **The Military Legacy of the Civil War** Jay Luvaas,1988 This pioneering study focuses on the experiences and writings of the surprisingly large number of Prussian British and French military observers who witnessed the Civil War firsthand Luvaas s fascinating account reveals why they came what they wrote what their armies learned or failed to learn from their reports and how their writings influenced later European military theorists For this edition Luvaas has added a thoughtful introduction that analyzes why some military lessons are learned and others ignored and examines the extent to which such lessons can be applied to subsequent conflicts An Encyclopedia of War and Ethics Donald A. Wells,1996-03-25 This is the first encyclopedia that critically surveys the ethics of warring from a variety of perspectives Noted experts raise basic questions about what is just in war describe the views of historic and contemporary thinkers on ethical matters survey practices at different periods and discuss key issues The over 250 entries arranged in alphabetical order cover efforts to curb the havoc of war from

medieval to modern times from accidental war to Zagreb Resolution different religious perspectives genocide UN peacekeeping and much more Sources for further reading accompany the entries and internal cross references and an index make this major reference easily accessible for students and teachers in military peace and world affairs studies This is the first encyclopedia that critically surveys the ethics of warmaking from a variety of perspectives Historically efforts to curb the havoc of war have confronted three military maxims military necessity the right of reprisal and the obligation of soldiers to obey superior orders The medieval efforts of just war theorists to protect the innocent avoid needless havoc and prohibit excessive weapons rarely affected military practice Modern congresses have pointed out the inconsistency in concerns about war crimes or crimes against humanity and the weapons and strategies of modern war The pressures of the military industrial complex the profits to be gained by war production and the demands of sovereign nationalism contradict such alternative concerns as those raised by the United Nations and the International Red Cross Noted experts raise basic questions about what is just in war describe the views of historic and contemporary thinkers on ethical matters survey practices at different periods and discuss key issues The over 250 entries arranged in alphabetical order cover efforts to curb the havoc of war from medieval to modern times from accidental war to Zagreb Resolution different religious perspectives genocide UN peacekeeping and much more Sources for further reading accompany the entries and internal cross references and an index make this major reference easily accessible to students and teachers in military peace and world affairs studies

Consequences of Military Spending for Community Development Douglas Alan Walter, 1988 **Current Research on Peace and Violence** , 1983 **Third World Militarization** Jagat S. Mehta, 1985 Journal of the Military Service Institution of the United States Military Service Institution of the United States, 1889 *Congressional Record* United States. Congress, 1978 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Margalla Papers** , 2004 *Our Generation* , 1982
