Proceedings Of The Eleventh International Conference On The Study Of Shamanism:

Proceedings of the Eleventh International Conference on the Study of Shamanism and Alternate Modes of Healing Ruth-Inge Heinze,1994 **The ^ABeauty of the Primitive** Andrei A. Znamenski,2007-07-16 For the past forty years shamanism has drawn increasing attention among the general public and academics There is an enormous literature on shamanism but no one has tried to understand why and how Western intellectual and popular culture became so fascinated with the topic Behind fictional and non fictional works on shamanism Andrei A Znamenski uncovers an exciting story that mirrors changing Western attitudes toward the primitive The Beauty of the Primitive explores how shamanism an obscure word introduced by the eighteenth century German explorers of Siberia entered Western humanities and social sciences and has now become a powerful idiom used by nature and pagan communities to situate their spiritual quests and anti modernity sentiments The major characters of The Beauty of the Primitive are past and present Western scholars writers explorers and spiritual seekers with a variety of views on shamanism Moving from Enlightenment and Romantic writers and Russian exile ethnographers to the anthropology of Franz Boas to Mircea Eliade and Carlos Castaneda Znamenski details how the shamanism idiom was gradually transplanted from Siberia to the Native American scene and beyond He also looks into the circumstances that prompted scholars and writers at first to marginalize shamanism as a mental disorder and then to recast it as high spiritual wisdom in the 1960s and the 1970s Linking the growing interest in shamanism to the rise of anti modernism in Western culture and intellectual life Znamenski examines the role that anthropology psychology environmentalism and Native Americana have played in the emergence of neo shamanism He discusses the sources that inspire Western neo shamans and seeks to explain why lately many of these spiritual seekers have increasingly moved away from non Western tradition to European folklore A work of intellectual discovery The Beauty of the Primitive shows how scholars writers and spiritual seekers shape their writings and experiences to suit contemporary cultural ideological and spiritual needs With its interdisciplinary approach and engaging style it promises to be the definitive account of this neglected strand of intellectual history *Multidimensional Mind* Jean Millay,1999 Characterizing the mind as a maze with multiple pathways Jean Millay explores the realms of sensory perception resonance trance memory logic and belief

Jahrbuch für transkulturelle Medizin und Psychotherapie ,2000 **Feminist (re)visions of the Subject** Gail Currie,Celia Rothenberg,2001-01-01 Feminist Re visions utilizes the study of space and place which extends through sociology anthropology cultural studies and area studies historical perspectives and philosophy as a paradigm for cross disciplinary inquiry Noting that both the study of space place and feminism are transected by the lines of spacial conceptual and ontological disintegration in contemporary academia Gail Currie and Celia Rothenberg have culled a collection of writings drawn together from feminist scholars across several disciplines to address three questions how are subjects constituted in relation to the spaces and places they occupy how are those spaces and places in turn negotiated and

transformed and how are feminists actively constructing new visions of the female subject in the context of the postmodern academic terrain This work sets the stage for the development of a productive feminist praxis in an academic world some fear has been relativized and depoliticized by the postmodern turn

The Nature and Function of Rituals Ruth-Inge Heinze,2000-01-30 From time to time immemorial people have performed rituals out of a deep rooted human need to come into the presence of the Divine When a theophany is reenacted harmony and balance necessary for leading a satisfactory life are restored to the individual participants and to the community as a whole This collection of seventeen studies illuminates the power of ritual to facilitate life transitions and includes discussion of rituals associated with childbirth adolescent initiation wedding and funeral rites and rituals used to resolve conflict and reinforce the solidarity of a community The reader will observe how rituals resolve the tension between modernity and tradition and will understand why rituals have not lost their power over the millennia
