The ALENEX workshop provides a forum for the presentation of original research in the implementation and experimental evaluation of algorithms and data structures This volume collects extended versions of the 12 papers that were selected for presentation

*Proceedings of the Sixth SIAM International Conference on Data Mining* Joydeep Ghosh, 2006-04-01 The Sixth SIAM International Conference on Data Mining continues the tradition of presenting approaches tools and systems for data mining in fields such as science engineering industrial processes healthcare and medicine The datasets in these fields are large complex and often noisy Extracting knowledge requires the use of sophisticated high performance and principled analysis techniques and algorithms based on sound statistical foundations These techniques in turn require powerful visualization technologies implementations that must be carefully tuned for performance software systems that are usable by scientists engineers and physicians as well as researchers and infrastructures that support them

*Mathematics for Industry* David R. Ferguson, Thomas J. Peters, Society for Industrial and Applied Mathematics, 2005-01-01 The papers were elicited primarily from Mathematics for Industry Challenges and Frontiers a conference sponsored by SIAM in October 2003

Parthasarathy, 2007 The Seventh SIAM International Conference on Data Mining SDM 2007 continues a series of conferences whose focus is the theory and application of data mining to complex datasets in science engineering biomedicine and the social sciences These datasets challenge our abilities to analyze them because they are large and often noisy Sophisticated highperformance and principled analysis techniques and algorithms based on sound statistical foundations are required Visualization is often critically important tuning for performance is a significant challenge and the appropriate levels of abstraction to allow end users to exploit sophisticated techniques and understand clearly both the constraints and

interpretation of results are still something of an open question      **Proceedings of the ... SIAM International
