Problem In Modern Ethics Limited Edition:

Deep Classics Shane Butler, 2016-05-05 Fragmented buried and largely lost the classical past presents formidable obstacles to anyone who would seek to know it Deep Classics is the study of these obstacles and in particular of the way in which the contemplation of the classical past resembles and has even provided a model for other kinds of human endeavor This volume offers a new way to understand the modalities and aims of Classics itself through the ages Its individual chapters draw fruitful connections between the reception of the classical and current concerns in philosophy of mind cognitive theory epistemology media studies sense studies aesthetics queer theory and eco criticism What does the study of the ancient past teach us about our encounters with our own more recent but still elusive memories What do our always partial reconstructions of ancient sites tell us about the limits of our ability to know our own world or to imagine our future What does the reader of the lacunose and corrupted literatures of antiquity learn thereby about literature and language themselves What does a shattered statue reveal about art matter sensation experience life Does the way in which these vestiges of the past are encountered sitting in a library standing in a gallery moving through a ruin condition our responses to them and alter their significance And finally how has the contemplation of antiquity helped to shape seemingly unrelated disciplines including not only other humanistic and scientific epistemologies but also non scholarly modes and practices In asking these and similar questions Deep Classics makes a pointed intervention in the study of the classical tradition now more widely known as reception studies *Bookseller's catalogues* Myers and co, ltd, 1891 *Sale* American Art Association, Anderson Galleries (Firm), 1923 *Toward Stonewall* Nicholas C. Edsall, 2006 As recently as the 1970s gay and lesbian history was a relatively unexplored field for serious scholars The past quarter century however has seen enormous growth in gay and lesbian studies The literature is now voluminous it is also widely scattered and not always easily accessible In *Toward Stonewall* Nicholas Edsall provides a much needed synthesis drawing upon both scholarly and popular writings to chart the development of homosexual subcultures in the modern era and the uneasy place they have occupied in Western society Edsall's survey begins three hundred years ago in northwestern Europe when homosexual subcultures recognizably similar to those of our own era began to emerge and it follows their surprisingly diverse paths through the Enlightenment to the early nineteenth century The book then turns to the Victorian era tracing the development of articulate and self aware homosexual subcultures With a greater sense of identity and organization came new forms of resistance this was the age that saw the persecution of Oscar Wilde among others as well as the medical establishment's labeling of homosexuality as a sign of degeneracy The book's final section locates the foundations of present day gay sub cultures in a succession of twentieth century scenes and events in pre Nazi Germany in the lesbian world of interwar Paris in the law reforms of 1960s England culminating in the emergence of popular movements in the postwar United States Rather than examining these groups in isolation the book considers them in their social contexts and as comparable to other subordinate groups and minority

movements In the process Toward Stonewall illuminates not only the subcultures that are its primary subject but the larger societies from which they emerged Saturday Review of Literature ,1968 **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1895 **Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record** ,1896 *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1895 **Auction Catalogues** Scott and O'Shaughnessy,1918 *Publishers' circular and booksellers' record* ,1896 *The Spectator* ,1893 *The Publisher* ,1909 **New York Herald Tribune Books** ,1929 **British Books** ,1910 Books and Bookmen ,1970 The academy ,1897 *Catalogues and Price Lists* ,1977 **Catalogue[s]** Sawyer, Chas.
