Problems Of Knowledge And Freedom The Russell Lectures Russell Lectures:

Problems of Knowledge and Freedom Noam Chomsky, 1971 Originally delivered in 1971 as the first Cambridge lectures in memory of Bertrand Russell Problems of Knowledge and Freedom is a masterful and cogent synthesis of Noam Chomsky's moral philosophy linguistic analysis and emergent political critique of America's war in Vietnam In the first half of this wide ranging work Chomsky takes up Russell's lifelong search for the empirical principles of human understanding in a philosophical overview referencing Hume Wittgenstein von Humboldt and others In the following half aptly titled On Changing the World Chomsky applies these concepts to the issues that would remain the focus of his increasingly political work of the period his criticisms of the war in Indochina and the Cold War ideology that supported it of the centralization of U S decision making in the Pentagon and the growing influence of multinational corporations in those circles and of the politicization of American universities in the post World War II years as well as his analyses of the Cuban Missile Crisis and Nixon's foreign policies

Reflections on Teacher Education Howard Woodhouse, 2022-09-28 Critical Reflections on Teacher Education argues that educational philosophy can improve the quality of teacher education programs in Canada the United States and the United Kingdom The book documents the ways in which the market model of education propagated by governments and outside agencies hastens the decline of philosophy of education and turns teachers into technicians in hierarchical school systems A grounding in educational philosophy however enables future teachers to make informed and qualified judgements defining their professional lives In a clear and accessible style Howard Woodhouse uses a combination of reasoned argument and narrative to show that educational philosophy together with Indigenous knowledge systems forms the basis of a climate change education capable of educating future teachers and their students about the central issue of our time **Werner**
