Problems Of Modern Music The Princeton Seminar In Advanced Musical Studies:

Problems of Modern Music Paul Henry Lang, 1962 By way of introduction we may sketch in the background from which this mid century stock taking grew and perhaps add a few comments of our own The first half of the 20th century passed under the sign of violent antitheses First there was revolutionary dissolution followed by severe tradition oriented concentration emphatic subjectivity then dogged objectivity and studied collectivism The same extremes can be detected in the constituent features of music Form became so fragmented that its dangling remnants could hardly be detected but subsequently it solidified triumphantly rediscovering age old esthetic tenets and then petrified Problems of Modern Music Paul Henry Lang, 2003-01-01 **Problems of Modern Music** Paul Henry Lang, 2017-06-24 Excerpt from Problems of Modern Music The Princeton Seminar in Advanced Musical Studies At first Impressionism seemed to be the only durable movement the only style capable of preserving European traditions because in essence neither Debussy nor his disciples and imitators broke the old frames they merely loosened them They did find many new colors and made the orchestra even more dazzling the result being that Ravel Dukas Delius Falla even the American Griffes are still welcome to subscription audiences as modern composers As a matter of fact some of our justly admired brilliant and slick orchestras were built to cope with this very style But this is a hothouse art that needs artificial heating and by the time Ravel died the school was so destitute of substance that the much admired composer of *Daphnis et Chloe* was reduced to orchestrating Mussorgsky All of them sought exotic subjects and themes for they felt that Europe's Impressionistic pomp needed colonies to replenish its color resources Delius turned to the Appalachians Roussel and Holst to Indian lore and so forth Others rediscovered folksong and English Irish Jewish and American folk tunes invaded their music But gradually musicians became satiated with the winter garden of Impressionism and began to rebel It is characteristic that the leaders of the anti Impressionist movement came from its very core Satie Milhaud Honegger Stravinsky All of them began as Impressionists it was only later that they struck out in other directions It was obvious that the Impressionism of the early century had to be outgrown very much as had the Rococo of the mid 18th century About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Muzički Modernizam--nova Tumačenje** Dejan Despić, Melita Milin, 2008 *Such Freedom, If Only Musical* Peter J Schmelz, 2009-03-04 Examining the construction and reception of the music produced in the Soviet Union between 1956 and 1974 in the period known as the Thaw this is the first book to draw upon interviews with musicians from the time as well as detailed analyses and archival materials **The Whistling Blackbird** Robert

Morris, 2010 A collection of essays on new music composers and issues in American music criticism and aesthetics by composer and music theorist Robert Morris *The Whistling Blackbird Essays and Talks on New Music* is the long awaited book of essays from Robert Morris the greatly admired composer and music theorist In these essays Morris presents a new and multifaceted view of recent developments in American music His views on music as well as his many compositions defy easy classification favoring instead a holistic creative and critical approach *The Whistling Blackbird* contains fourteen essays and talks divided into three parts preceded by an Overture that portrays what it means to compose music in the United States today Part 1 presents essays on American composers John Cage Milton Babbitt Richard Swift and Stefan Wolpe Part 2 comprises talks on Morris's music that illustrate his ideas and creative approaches over forty years of music composition including his outdoor compositions an ongoing project that began in 1999 Part 3 includes four essays in music criticism on the relation of composition to ethnomusicology on phenomenology and attention on music theory at the millennium and on issues in musical time Threaded throughout this collection of essays are Morris's diverse and seemingly disparate interests and influences English romantic poetry mathematical combinatorics group and set theory hiking Buddhist philosophy Chinese and Japanese poetry and painting jazz and nonwestern music chaos theory linguistics and the American transcendental movement exist side by side in a fascinating and eclectic portrait of American musical composition at the dawn of the new millennium Robert Morris is Professor of Music Composition at the Eastman School of Music University of Rochester
