# Problems Of Religious Experience Studia Doctrinae Christianae Upsaliensia

**Anders Jeffner**

## **Problems Of Religious Experience Studia Doctrinae Christianae Upsaliensia:**

*Problems of Religious Experience* Carl Reinhold Bråkenhielm, 1985 Are religious experiences illusions Or are at least some religious experiences veridical This is a philosophical problem of great importance for theology A central thesis in the present essay is negatively that religious experiences are not self authenticating and positively that they require the backing of an overall world view In addition some guidelines for distinguishing true religious experiences from false ones are required These matters are dealt with in chapter 8 10 However various other problems of religious experience has to be solved first Some of the most important ones are discussed in chapter 1 7 Chapter 1 focuses upon the concept of religious experience which is explained in terms of experiences of transcendence Chapter 2 examines some arguments for the claim that religious experiences cannot be conceptualized and concludes that some general concepts can be applied even if the possibility of their revision remains permanently open Chapter 3 scrutinizes some arguments against the claim that experiences of God are possible In chapter 4 the concept of revelatory experiences is analysed and the possibility of a rational assessment of revelation claims discussed In chapter 5 it is argued that the valid claim that religious experiences are determined by underlying religious beliefs does not imply that religious experiences are without epistemological significance In chapter 6 a number of arguments against the veridicality of religious experiences is examined Chapter 7 contains a more extensive discussion on the epistemological consequences of a natural explanation of religious experiences It is argued that religious experiences can be veridical experiences of the transcendent even if they have a natural explanation

**Studia doctrinae Christianae Upsaliensia** Axel Gyllenkrok, 1991 **Annales Academiae Scientiarum Fennicae** Suomalainen Tiedekatemia, 1991 **Towards a Theory of Relativity of Truth in Morality and Religion** Charles Goossens, 1990 This study argues for a model in which moral truth is presented as truth in the perspective of certain social commitments while religious truth is interpreted as truth in the perspective of religious experience It theorizes that relativity need not conflict with universality Truth from the perspective of the outsider is therefore truth without qualification

**Gewissen und Gewissensfreiheit im neueren Protestantismus** Markus Weskott, 2020-08-05 Der Protestantismus in der Bonner Republik r ckt aktuell zunehmend in das Interesse theologischer Forschung Markus Weskott untersucht systematisch theologisch und ethisch fokussiert die Reflexionen zu Gewissen und Gewissensfreiheit protestantischer Theologen Thielicke Trillhaas Wolf sowie Ebeling und Rendtorff Angesichts der Pluralität der Gesellschaft und der Gewissensverständnisse wird über die theologische Binnenperspektive hinaus das Verhältnis zu nichtprotestantischen nichtchristlichen und nichtreligiösen Konzeptionen thematisiert und nach dem Verhältnis zur grundrechtlichen Gewissensfreiheit gefragt Abschließend skizziert der Band Grundlinien für eine Fortschreibung des protestantischen Gewissensverständnisses im Spannungsfeld von grundrechtlicher Gewissensfreiheit und religiöser Gewissensbefreiung *Human Rights in Cultural and Religious Traditions* Alf Tergel, 1998

**Hermenêutica do Novo Testamento** Klaus Berger, 1999 *New Testament Abstracts*, 1985 *Echoes of Insight*

Patrick Allen, Kenneth Badley, 2017-02-10 Christian higher education needs something richer and deeper Faith based institutions yearn for more than business as usual and Echoes of Insight invites you to listen again to older forgotten and perhaps even ignored voices Designed to stimulate conversation among colleagues Echoes of Insight offers brief summaries of several thought provoking writers from the last century and encourages a new vigorous conversation about Christian higher education Alfred North Whitehead John Henry Newman Dorothy Sayers Abraham Flexner Hannah Arendt Thorstein Veblen Flannery O Connor Jos Ortega y Gasset Maria Montessori Robert Maynard Hutchins Karl Jaspers Problems of Religious Experience Carl Reinhold Bråkenhielm, 1985 Are religious experiences illusions Or are at least some religious experiences veridical This is a philosophical problem of great importance for theology A central thesis in the present essay is negatively that religious experiences are not self authenticating and positively that they require the backing of an overall world view In addition some guidelines for distinguishing true religious experiences from false ones are required These matters are dealt with in chapter 8 10 However various other problems of religious experience has to be solved first Some of the most important ones are discussed in chapter 1 7 Chapter 1 focuses upon the concept of religious experience which is explained in terms of experiences of transcendence Chapter 2 examines some arguments for the claim that religious experiences cannot be conceptualized and concludes that some general concepts can be applied even if the possibility of their revision remains permanently open Chapter 3 scrutinizes some arguments against the claim that experiences of God are possible In chapter 4 the concept of revelatory experiences is analysed and the possibility of a rational assessment of revelation claims discussed In chapter 5 it is argued that the valid claim that religious experiences are determined by underlying religious beliefs does not imply that religious experiences are without epistemological significance In chapter 6 a number of arguments against the veridicality of religious experiences is examined Chapter 7 contains a more extensive discussion on the epistemological consequences of a natural explanation of religious experiences It is argued that religious experiences can be veridical experiences of the transcendent even if they have a natural explanation *Theology as Repetition* Stephen Foster, 2020-01-01 Theology as Repetition revisits and argues for a revival of John Macquarrie s philosophical theology Macquarrie was a key twentieth century theological voice and was considered a foremost interpreter and translator of Martin Heidegger s philosophy He then somehow fell from view Macquarrie developed a new style of theology grounded in a dialectical phenomenology that is a relevant voice in responding to recent trends in theology The development of the book is partly chronological and partly thematic and avoids attempting to be either deductive or inductive in argument but rather reflects Macquarrie s phenomenologically styled new theology Theology as Repetition is set out in two parts The first part situates Macquarrie in relation to thinkers from the radical theology of the 1960s through to the postmodernists of the late twentieth century The second part explores the intersection of key themes in Macquarrie s theology with the thinking of Kant Hegel Heidegger and representative postsecular and postmodern figures including but not

limited to Emmanuel Levinas Jacques Derrida and Jean Luc Marion      **Science and the Spirit** James K. A. Smith, Amos Yong, 2010-08-26 What might be described as a Pentecostal worldview has become a powerful cultural phenomenon but it is often at odds with modernity and globalization Science and the Spirit confronts questions of spirituality in the face of contemporary science The essays in this volume illustrate how Pentecostalism can usefully engage with technology and scientific discovery and consider what might be distinctive about a Pentecostal dialogue with the sciences The authors conclude that Pentecostals with their unique perspectives on spirituality can contribute new insights for a productive interaction between theology and science      A Metaphysics for Theology Sten M.
