Problems Plays:

Shakespeare and the Problem Play E.L. Ridsen, 2012-10-06 Shakespeare's plays provide a rich source of genre variation as well as moral or ethical issues that invite deep study. The genre issue often proves the very moral crux where Shakespeare raises the most complex questions. He aimed to build good plays not simple fulfillments of genre demands. To him good plays meant leaving his audience with problems to consider. This book begins with those works most commonly appearing in studies of problem plays: *The Merchant of Venice*, *Troilus and Cressida*, *All's Well That Ends Well*, *Measure for Measure*. It then moves to some comedic problem plays: *Much Ado About Nothing*, *A Midsummer Night's Dream*, and *Twelfth Night*, and then to tragic problem plays: *Hamlet*, *Othello*, and *King Lear*. It concludes with some problems in the history and romance genres for the issues they raise in love, adventure, and governance: *Henry IV Part 1*, *Henry V*, *Cymbeline*, *The Tempest*, and *Love's Labor's Lost*.

The Problem Plays of Shakespeare Ernest Schanzer, 2005 The opening chapter traces the history of the term problem plays as applied to Shakespeare and defines it more clearly and precisely than has been done in the past. *Julius Caesar*, *Measure for Measure*, *Antony and Cleopatra* are then discussed in separate chapters not only as problem plays but from various points of view such matters as themes, structural pattern, character problems, the play's relation to its sources as well as to other plays in the canon are all touched upon.

Through the comparison and juxtaposition of these plays this guide introduces key concerns and debates: the politics of theatre, criticism, the relation between text and performance, illusionism versus Epic Theatre. The basis for the discussion throughout is the performance potential of the three plays, a mode of active reading geared towards a socialist theatre practice. Overall this guide aims to enable students to engage not only with the individual texts but with the broader possibilities of socialist theatre.
