*Proceedings of the 2nd International Workshop on Adaptive Optics for Industry and Medicine* Gordon D. Love, 2000 This volume contains state of the art research papers on adaptive optics used outside the usual astronomical and military applications It is the first book to cover this new area of research One of the main industrial applications is in the control of laser wavefronts and the book contains papers on both intra and extra laser cavity correction The measurement and control of ocular aberrations is the major medical application and the topics are discussed by leading researchers in the field Papers on adaptive optics components specifically for non astronomical systems are also presented Other topics include laser communications microscopy and low cost systems      *Adaptive Optics For Industry And Medicine - Proceedings Of The 2nd International Workshop* Gordon D Love, 1999-12-13 This volume contains state of the art research papers on adaptive optics used outside the usual astronomical and military applications It is the first book to cover this new area of research One of the main industrial applications is in the control of laser wavefronts and the book contains papers on both intra and extra laser cavity correction The measurement and control of ocular aberrations is the major medical application and the topics are discussed by leading researchers in the field Papers on adaptive optics components specifically for non astronomical systems are also presented Other topics include laser communications microscopy and low cost systems      [Adaptive Optics for Industry and Medicine](#) Ulrich Wittrock, 2006-01-20 The 4th International Workshop on Adaptive Optics for Industry and Medicine took place in Munster Germany from October 19 to October 24 2003 The series of International Workshops on Adaptive Optics for Industry and Medicine began with the first workshop in Shatura Russia in 1997 the second workshop took place in Durham England in 1999 and the third workshop was held in Albuquerque USA in 2001 The workshop series started out as a true grassroots movement and kept an informal spirit throughout all four workshops Many personal friendships and scientific collaborations have been formed at these meetings This fourth workshop was supposed to be held in Beijing China However the program committee decided in May 2003 to move the workshop to Munster due to the general perception that the SARS Severe Acute Respiratory Syndrome cases reported in China could lead to a large epidemic Despite this rather short notice the workshop in Munster was attended by about 70 people Incidentally the workshop coincided with the 50th anniversary of adaptive optics because it was October 1953 when Horace Babcock published his famous paper The possibilities of compensating astronomical seeing in the Publications of the Astronomical Society of the Pacific      *2ND International Workshop on Adaptive Optics for Industry and Medicine* , 2000 The Final Proceedings for International Workshop on Adaptive Optics 12 July 1999 16 July 1999 This is an interdisciplinary conference Topics include adaptive mirror technology liquid crystal technology wave front sensing technology static aberration correction low cost system integration and applications      [Index of Conference Proceedings](#) British Library.
