Prayer, Humility, and Compassion Samuel H. Dresner, 1969 *Prayer, Humility, and Compassion* Samuel H. Dresner, Ilya Schor, 1957 **Civil Religion in Political Thought** Ronald L. Weed, John von Heyking, 2010-03 The essays in this volume blend historical and philosophical reflection with concern for contemporary political problems They show that the causes and motivations of civil religion are a permanent fixture of the human condition though some of its manifestations and proximate causes have shifted in an age of multiculturalism religious toleration and secularization *Power of Prayer* Forest Mindscape, AI, 2025-02-14 *Power of Prayer* explores the multifaceted nature of prayer across religions its psychological effects and personal spiritual significance The book examines prayer's diverse expressions in Christianity Islam Judaism Hinduism and Buddhism highlighting commonalities and unique aspects It also delves into the psychological impact of prayer assessing its potential benefits for mental well being stress reduction and emotional regulation while distinguishing correlation from causation The book posits that prayer regardless of religious affiliation can be a tool for personal reflection and connection It unfolds by first establishing a foundational understanding of prayer then delving into religious psychological and spiritual dimensions with evidence based research and case studies It uniquely addresses the psychological effects of prayer using research from psychology and neuroscience and acknowledges the complexities of intercessory prayer offering practical insights for integrating prayer into one's life *A Treasury of Thoughts on Jewish Prayer* Sidney Greenberg, 1989 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com *Judaism and Global Survival* Richard H. Jay Westbrook, 2019-06-26 In this amazing work Westbrook generously shares with us the tools he has used and created over the last 30 years to bring comfort physical spiritual emotional and intellectual to the dying the families of the dying and their professional and lay caregivers Using the narrative style of Native Americans Westbrook role models his tools through a series of powerful poignant and moving stand alone stories which illustrate precisely how to journey and navigate some of the most difficult End of Life situations and to do so with Grace equanimity and deep partnership Whether those dying are young or old male or female sober or loaded sheltered or homeless alone or surrounded appreciative or combative terrified or curious rich or poor or any other pairings you can imagine this book engages the reader in ways to quickly establish trust and rapport and to then use humor curiosity reframing and other tools to challenge support and co journey with patients and families in ways that are transformative The beauty of this book is that each brief chapter is a stand alone teaching tool that can be used independently of the rest of the book It can be used as a supplementary text for students and in continuing education workshops for professionals It can be used by the dying themselves and or by their families It can be read in quiet contemplation or aloud as a stimulus for
