Preface to a Dictionary of the English Language Samuel Johnson, 2018-08-06 Preface to a Dictionary of the English Language Large Print By Samuel Johnson It is the fate of those who toil at the lower employments of life to be rather driven by the fear of evil than attracted by the prospect of good to be exposed to censure without hope of praise to be disgraced by miscarriage or punished for neglect where success would have been without applause and diligence without reward Among these unhappy mortals is the writer of dictionaries whom mankind have considered not as the pupil but the slave of science the pionier of literature doomed only to remove rubbish and clear obstructions from the paths through which Learning and Genius press forward to conquest and glory without bestowing a smile on the humble drudge that facilitates their progress Every other authour may aspire to praise the lexicographer can

only hope to escape reproach and even this negative recompense has been yet granted to very few I have notwithstanding this discouragement attempted a dictionary of the English language which while it was employed in the cultivation of every species of literature has itself been hitherto neglected suffered to spread under the direction of chance into wild exuberance resigned to the tyranny of time and fashion and exposed to the corruptions of ignorance and caprices of innovation We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
