Old English Poetry in Medieval Christian Perspective Judith N. Garde, 1991 Dr Garde questions modern interpretations of the nature and purpose of Old English religious poetry In this doctrinal appraisal Dr Garde contends that English religious poetry in the early medieval age of faith was intended to convey conventional Christian teaching to unlearned audiences In this reading Old English religious verse is dominated by the Christus Victor tradition the exegetical perceptions often assumed in modern criticism are not justified The tradition of Christ's triumphant Descent into hell regarded as apocryphal by many critics is discussed in the context of the Resurrection and Christian expectations of eternal life in the Advent lyrics the Descent poems Christ II and Phoenix The Dream of the Rood Elene and Christ III are seen as describing Christ's Incarnation death Descent Resurrection and Ascension the Pentecostal phenomenon and the Church in the world Expectations of judgment the future resurrection of flesh and the prospect of eternal bliss for righteous Christians complete the credal sequence The author

suggests that unstated wholly familiar perceptions of salvation in Christ underlie all Old English religious verse and that interpreters ignore these traditions at their peril JUDITH GARDE s published work includes contributions to the Journal of Literature and Theology and Neophilologus **Scottish Literature Since 1707** Marshall Walker,2017-07-12 Marshall Walker s lively and readable account of the highs and lows of Scottish literature from this important date to the present addresses the important themes of democracy power and nationhood Disposing of stereotypical ideas about Scotland and the Scots this fresh approach to Scottish literature provides a critical interpretation of its distinctive style and presents the reader with an informative introduction to Scottish culture Coverage includes the Scottish enlightenment and the world of Boswell and David Hulme to the Scottish Renaissance associated with Hugh MacDiarmid Developments in the contemporary literary scene include John McGrath s theatre Company and the fiction and poetry of Alastair Gray and Ian Crichton Smith Particular attention is given to the work of Scottish women writers such as Lady Grizel Baillie and Liz Lochhead who have been much neglected in previous literature *Scotland's Harvest* Richie McCaffery,2023-07-24 This study is the first exploration of the impact of World War Two on Scottish poets of both the front line and the home front World War One has always been thought of as a poet s war one of horror and futility The poetry of World War Two by contrast has long languished in its shadow though there was a much greater amount of it written This book asks whether these poets felt they were grown for war or rather that they grew through war experience with an emphasis on the possibilities of the future instead of cataloguing the senseless horror of the battlefield How were the hopes of Scottish poets different from their English counterparts How was their poetry different and how did it impact on their later lives **Contemporary Poets** Tracy Chevalier,1991 Contains biographical entries a list of separately published books and an essay on each poet The Poetry of the Scots Duncan Glen,1991 A unique bibliographical guide and a comprehensive introduction to Scottish poetry from the very earliest times to the present day It gives a chronological listing of the standard editions of all the major and many of the minor Scottish poets supplemented by Glen s informative and energetic commentaries **The Poetry of Scotland** Roderick Watson,1995 For the first time the full canon of poetry from Scotland is available to readers in one volume The Poetry of Scotland presents all the major and many less well known Scottish poets in a broad historical perspective from the fourteenth century to the present day Unlike other anthologies it includes concise bibliographies of each writer user friendly notes and poems in Gaelic with modern English translations With contents listed by both chronology and theme on page glossaries and a full introduction by Roderick Watson this is the definitive edition for students and lovers of Scottish poetry everywhere Dear Maurice Lester Borley,1998 A collection of essays about culture and identity in Scotland prepared in honour of the 80th birthday of Maurice Lindsay It reflects the life and times of Scotland in the last half of the 20th century *Scottish Literature* Duncan Glen,1999 Contemporary Poets Thomas Riggs,1995 This reference work combines bibliographical biographical and critical information on 900 living poets writing in the English language
