**Prayer and Power** Michael C. Schoenfeldt, 1991-08-13 Michael C Schoenfeldt here offers the first major exploration of the connections between George Herbert's devotional poetry and the social practices and political discourse of his day Viewing The Temple and The Country Parson as part of the larger civilizing process of Western Europe Schoenfeldt shows how Herbert discovers in the discourses of courtesy and theology a common vocabulary of authority selfhood petition and discipline Before entering the priesthood Herbert nourished contacts in court was elected University Orator at Cambridge and served in Parliament In turning to God Schoenfeldt argues Herbert did not simply turn away from the secular world but also turned its language particularly the language of courtesy into the medium for his lyric worship of God The confluence of courtesy and spirituality in Herbert's poetry provides a fascinating insight into a society searching for an appropriate discourse of reverence in a time of baffling change The first five chapters investigate the manifold ways in which Herbert's life and works exemplify the interdependence of social and religious behavior in the English Renaissance The sixth and final chapter extends this investigation into the nervous eroticism of Herbert's poems Considering The Temple as well as Herbert's letters speeches Latin poems collections of foreign proverbs translations The Country Parson and less familiar lyrics Schoenfeldt offers a thorough and detailed reading of Herbert's rich and conflicted corpus Prayer and Power is not only a bold redefinition of the accomplishment of one of the finest poets of the English Renaissance but also the first sustained study to advance a cultural poetics of the religious lyric

*Speech Act Theory and Shakespeare* Chahra Beloufa, 2024-05-28 Speech Act Theory and Shakespeare delves deeper than linguistic ornamentation to illuminate the complex dynamics of thanking as a significant speech act in Shakespearean plays The word thanks appears nearly 400 times in 37 Shakespearean plays calling for a careful investigation of its veracity as a speech act in the 16th century setting This volume combines linguistic analysis to explore the various uses of thanks focusing on key thanking scenes across a spectrum of plays including All's Well That Ends Well Romeo and Juliet The Merchant of Venice Timon of Athens The Winter's Tale and the Henriad Shakespeare's works indicate the act of thanking to be more than a normal part of dialogue it is an artistic expression fraught with pitfalls similar to those of negative speech acts The study aims to determine what compels the characters in Shakespeare to offer thanks and evaluates Shakespeare's accomplishment in imbuing the word thanks with performance quality in the theatrical sphere This work adds to our comprehension of Shakespearean plays and larger conversations on the challenges of language usage in theatrical and cultural settings by examining the convergence of gratitude with power dynamics political intrigue and interpersonal relationships drawing on a multidisciplinary approach that includes pragmatics philosophy religion and psychology

**Literature and Architecture in Early Modern England** Anne M. Myers, 2013-01-01 Our built environment inspires writers to reflect on the human experience discover its history or make it up Buildings tell stories Castles country homes churches and monasteries are documents of the people who built them owned

them lived and died in them inherited and saved or destroyed them and recorded their histories Literature and Architecture in Early Modern England examines the relationship between sixteenth and seventeenth century architectural and literary works By becoming more sensitive to the narrative functions of architecture Anne M Myers argues we begin to understand how a range of writers viewed and made use of the material built environment that surrounded the production of early modern texts in England Scholars have long found themselves in the position of excusing or explaining England's failure to achieve the equivalent of the Italian Renaissance in the visual arts Myers proposes that architecture inspired an unusual amount of historiographic and literary production including poetry drama architectural treatises and diaries Works by William Camden Henry Wotton Ben Jonson Andrew Marvell George Herbert Anne Clifford and John Evelyn when considered as a group are texts that overturn the engrained critical notion that a Protestant fear of idolatry sentenced the visual arts and architecture in England to a state of suspicion and neglect

**English Lyric Poetry** Jonathan Post, 2002-09-11 English Lyric Poetry is a comprehensive reassessment of lyric poetry of the early seventeenth century The study is directed at both beginning and more advanced students of literature and responds to more specialised scholarly inquiries pursued of late in relation to specific poets This extremely lucid and elegantly written book avoids the limitations of much recent criticism Donne Jonson the Spenserians Herbert Milton Marvell Vaughan as well as many non canonical and women poets all receive sustained fresh and detailed analysis Jonathan Post seeks to assimilate many of the post New Critical theoretical concerns with readings of the major and minor male and female authors of the period

Fate of the Flesh Daniel Juan Gil, 2021-01-05 In the seventeenth century the ancient hope for the physical resurrection of the body and its flesh began an unexpected second life as critical theory challenging the notion of an autonomous self and driving early modern avant garde poetry As an emerging empirical scientific world view and a rising Cartesian dualist ontology transformed the ancient hope for the resurrection of the flesh into the fantasy of a soul or mind living on separately from any body literature complicated the terms of the debate Such poets as Donne Herbert Vaughan and Jonson picked up the discarded idea of the resurrection of the flesh and bent it from an apocalyptic future into the here and now to imagine the self already infused with the strange vibrant materiality of the resurrection body Fate of the Flesh explores what happens when seventeenth century poets posit a resurrection body within the historical person These poets see the resurrection body as the precondition for the social person's identities and forms of agency and yet as deeply other to all such identities and agencies an alien within the self that both enables and undercuts life as a social person This perspective leads seventeenth century poets to a compelling awareness of the unsettling materiality within the heart of the self and allows them to re imagine agency selfhood and the natural world in its light By developing a poetics that seeks a deranging materiality within the self these poets anticipate twentieth century avant garde poetics They frame their poems neither as simple representation nor as beautiful objects but as a form of social praxis that creates new communities of readers and writers assembled around a new experience of self as body mediated by

poetry *George Herbert Journal*, 2007 **The Lyric Voice in English Theology** Elizabeth S. Dodd, 2023-09-21 In this book Elizabeth S Dodd traces the contours of a lyric theology through the lens of English lyric tradition She addresses the dominance of narrative and drama in contemporary theological aesthetics by drawing on recent developments in lyric theory Informed by the work of critics such as Jonathan Culler Dodd explores the significance of lyric for theological discourse Lyric is presented here as a short musical expressive and personal form that is also fragmentary embodied socially located and performative The main chapters address key moments in English lyric tradition This selective approach aims to expand the theological gaze beyond the monochromatic features of the traditional canon It covers Anglo Saxon hymns medieval lullaby carols early modern sonnets and the prophetic poetry of Romanticism but also Grime and hip hop performance poetry social media poetry and Geoffrey Hill *Authority, Church, and Society in George Herbert* Christopher Hodgkins, 1993 Hodgkins constructs a portrait of English poet George Herbert through his works and personal life Hodgkins emphasizes the role moderation played in Herbert s religious and political views *George Herbert's "Holy Patterns"* Greg Miller, 2007-06-10 *George Herbert s Holy Patterns Reforming Individuals in Community* explores Herbert s understanding of full individuality in community Living communities depend upon imagined histories and futures Like his mother Lady Magdalen Danvers and her friend John Donne and unlike many of his Anglican contemporaries Herbert imagined significant continuity with the pre Reformation past that imagination was tied to a prophetic imagining of the future triumph of Christ s universal and apostolic church Herbert s project was to purify a unified national church from within this purification taking place through lives lived communally in self scrutiny self regulation sacrifice and loving service Such holy patterns of living were imagined as leading to the purification of the whole church the spread of the Gospel human advancement through what we would call scientific knowledge and international peace *George Herbert, "The Temple"* Marie Garnier-Giamarchi, 1997 *This Book of Starres* James Boyd White, 1994 A fascinating accessible book that takes the reader on an intellectual and spiritual journey *Der Priester als Poet* Svenja Kuhfuss, 2001 Der Priester und religiöse Dichter George Herbert 1593 1633 ist in der Forschung als Vertreter des via media Anglikanismus als Anglo Katholik Puritaner oder Sektierer rezipiert worden Die Studie zeigt anhand seiner 1633 posthum unter dem Titel *The Temple* erschienenen englischen Gedichte da diese eindimensionalen Zuordnungen der Komplexität von Herberts Dichtung und Theologie nicht gerecht werden Durch die verschiedenen Sprecherfiguren in seinen Gedichten deren Haltungen sich nicht homogenisieren lassen zitiert Herbert gezielt die konkurrierenden philosophischen und theologisch ekklesiologischen Strömungen des 16 und frühen 17 Jahrhunderts an und setzt sie in ein Spannungsverhältnis zueinander Damit kritisiert er die drohende Spaltung der Staatskirche unter den Stuart Königen wobei er durch Bildlichkeit Widersprüche Ambiguitäten und vielschichtige Bedeutungsebenen die traditionellen Formen und Aussagen religiöser Dichtung modifiziert und Zensurinstanzen geschickt zu umgehen weiß Indem Herbert die Freiräume der Dichtung beansprucht um zu politisch theologischen Reizthemen dezidiert Stellung zu beziehen wertet er die Rolle des

Dichter Individuums auf Gleichzeitig pl diert er in einem Zeitalter in dem der Wahrheitsbegriff f r viele zum Problem geworden ist f r einen innerkirchlichen Dialog der individuelle Positionen nebeneinander bestehen l t Entsprechend dieser Aufwertung der individuellen Wahrheitssuche versteht Herbert seinen erdichteten Tempel als ideale Kirche die allen offensteht
