

Republic of the Philippines  
DEPARTMENT OF HEALTH  
COMMISSION ON HIGHER EDUCATION  
PROFESSIONAL REGULATION COMMISSION

JUN 30 2021

**JOINT ADMINISTRATIVE ORDER**

No. 2021 - 0001

**SUBJECT: Guidelines for the Reorientation of Health Professions Education Curricula and Training Programs to Primary Health Care (PHC)**

**I. RATIONALE**

Section 15, Article 2, of the 1987 Constitution mandates that the State shall protect and promote the right to health of the people and instill health consciousness among them. Furthermore, the Philippine Qualifications Framework (PQF) Law or Republic Act (RA) No. 10968, provides that the State shall establish, maintain and support an integrated system of education that is relevant to the needs of the people and society.

Aligned with the above mandates, R.A. No. 11223 or the Universal Health Care Act was enacted to enforce an integrated and comprehensive Primary Health Care (PHC) approach that provides all Filipinos access to a comprehensive set of cost-effective and quality promotive, preventive, curative, rehabilitative and palliative health services without causing financial hardship, and prioritizes the needs of the population who cannot afford such services. For this purpose, the health system has to establish strong primary care provider networks supported by competent and practice-ready Human Resources for Health (HRH).

In order to fully realize the full extent of this PHC model, a whole-of-government approach has to be established for a coordinated and sustainable implementation. The UHC Act and its Implementing Rules and Regulation through Section 25.10 mandated the Commission on Higher Education (CHED), Professional Regulation Commission (PRC), and the Department of Health (DOH) to reorient health care professional and health care worker curriculum towards primary health care.

Subsequently, the shift to outcomes-based education (OBE), as provided under existing State laws and policies (RA No. 10968 or the "PQF Act"), aims to assist individuals to move easily and readily between the education sectors and the labor market by focusing on what a learner can demonstrate as a result of a learning experience. OBE is the educational system preparing students to meet the highest standards of a particular profession, and making them "practice-ready".
