Preaching And Preachers:

Preaching and Preachers D. Martin Lloyd-Jones, 1972-03-03 In *Preaching and Preachers* the author states unapologetically his attitudes about his role in the church and explains his methodology all the while addressing various problems and questions that have been put to him

Preaching and Preachers D. Martyn Lloyd-Jones, 2012-01-24 Some may object to my dogmatic assertions but I do not apologize for them Every preacher should believe strongly in his own method and if I cannot persuade all of the rightness of mine I can at least stimulate them to think and to consider other possibilities I can say quite honestly that I would not cross the road to listen to myself preaching and the preachers whom I have enjoyed most have been very different indeed in their method and style But my business is not to describe them but to state what I believe to be right however imperfectly I have put my own precepts into practice I can only hope that the result will be of some help and especially to young preachers called to this greatest of all tasks and especially in these sad and evil times With many others I pray that The Lord of the harvest may thrust forth many mighty preachers to proclaim the unsearchable riches of Christ

Lectures on Preaching Phillips Brooks, 1877 Phillips Brooks a veteran minister with years of experience at the pulpit shares guidance on preaching and serving in the ministry in these lectures

delivered at Yale University The nineteenth century was a time of great expansion in the United States and by extension the churches and Christian movements Demand for new preachers and ministers burgeoned that the many new communities founded had God in the hearts and minds of their inhabitants Having lived in what was an environment of upheaval Brooks felt it appropriate to pass on the wisdom and advice to prospective new ministers looking to found or join parishes around the country Making and delivering fine sermons the messages of which stay with the congregation is at the heart of what a good minister does Yet the work is not confined to merely this the preacher must be a support to the communal and spiritual life of his locality that his congregation be kept in good health and that their souls be shepherded toward a life of virtue and good conduct The preacher must also turn his attention inward his character must be examined for flaws or bad habits with virtues cultivated that he stand as a model for the wider community

Preachers and People in the Reformations and Early

Modern Period Larissa Taylor, 2018-11-12 Sermons are an invaluable source for our knowledge of religious history and sociology anthropology and the mental landscape of men and women in pre modern Europe of what they were taught and what they practiced But how did an individual process the preached message from the pulpit How exactly do written sermons duplicate the preached Word Do they at all The 11 leading scholars who have contributed to this book do not offer uniform answers or an all encompassing study of preaching in the Reformations and early modern period in Europe They do however provide new insights on Catholic Lutheran and Reformed preaching in Western and Central Europe Part One examines changes in sermon structure style and content in Christian sermons from the thematic sermon typical of the Middle Ages to the wide variety of later preaching styles Catholic preaching after Trent proves not to be monolithic and intolerant but a hybrid of forms past and present applied as needed to particular situations Lutheran homiletic theory is traced from Luther and through Melancthon the intention of the sermon being to transform the worship service based on exegesis of Scripture In Reformed worship the expository sermon often given on a daily basis with a continuing exegesis was designed to communicate the tenets of the faith in terms that the laity could understand plain style Part Two deals with the social history of preaching in France where preachers often incited their hearers to attack human beings or holy objects or were themselves attacked in Italy where preaching became a collective and home grown product in early modern Germany where the authorities strove for uniformity of preaching practice and the preacher was seen as a moral guardian in Switzerland where leaders from Zwingli on sought to bring religious practice conduct and government in line with biblical teaching and propagated a pastoral vision of preaching in England where after the Reformation preachers became the indispensable agents of salvation but clergy and congregations were often ill prepared for the task in Scandinavia where post Reformation sermons have a clear didactic aim teaching obedience to the authorities and in the Low Countries characterised by its numerous denominations all with their own churches and particular practices in terms of preaching The volume ends with a consideration of the influence of late medieval preaching on the Reformation concluding that the diversity of emphasis on

how the practice of penance was preached and received very likely affected the appeal or not of the Lutheran Reformed message in a given country Preachers and People in the Reformations and Early Modern Period is also published by Brill in paperback ISBN 0 391 04203 3 still available

Lectures on Preaching: Phillips Brooks, 2025-10-23 In Lectures on Preaching Phillips Brooks one of the most eloquent voices in nineteenth century American Christianity offers timeless guidance on the art and soul of preaching Delivered to students at Yale Divinity School in 1877 these lectures combine the intellectual depth of a theologian with the compassionate wisdom of a pastor Brooks challenges preachers not merely to instruct but to inspire to communicate divine truth through the living energy of personality conviction and love With rare clarity Brooks explores the preacher's inner life the cultivation of sincerity moral courage and empathy as essential to ministry He rejects mechanical eloquence in favor of authenticity urging ministers to speak as human beings to human beings not as performers but as witnesses to faith Drawing on Scripture philosophy and his own pulpit experience he articulates a vision of preaching that is both deeply spiritual and profoundly practical More than a manual for clergy Lectures on Preaching is a meditation on communication itself on how ideas when fused with integrity and spirit become transformative Over a century later Brooks's insights still resonate with anyone seeking to speak truth with clarity and grace It remains a cornerstone text in the theology of ministry revered for its warmth humility and enduring moral power
