## **Preaching Mark:**

Preaching Mark's Gospel Richard A. Jensen, 1996 In a classic case of failing to see the forest for the trees Jensen a homiletics professor and author of two works on narrative preaching says that preachers tend to analyze biblical books to glean the slightest bits of exegetical data yet miss the thrust of the overarching story they try to convey Jensen contends that preachers get too caught up in an analytical left brained mentality that obscures the power and meaning of the good news story In these pages Jensen helps us approach Mark's gospel with eyes wide open rather than with microscope in hand He treats Mark's gospel as a narrative whole and challenges preachers to tell the gospel's story to their congregations In doing so Jensen emphasizes the strength of biblical stories He says that these stories are powerful in and of themselves and that they work without much explanatory help The problem is that listeners never hear the entire story because it's always told to them in bits and pieces Jensen's adaptation of what Robert Alter author of *The Art of Biblical Narrative* calls narrative analogy assumes that parallel acts or situations are used to comment on each other in biblical narrative In other words if Mark told story B to flesh out the reality of story A then perhaps preachers today can do the same thing in their preaching Students of Jensen have enthusiastically embraced this approach This is great we never get to hear them stories whole How did it ever occur to us that we could improve on the story of the Prodigal Son for example by reducing it to ideas Richard A Jensen teaches homiletics at Wartburg Seminary in Dubuque Iowa and Lutheran School of Theology at Chicago He is best known for his ten year stint as preacher for the national radio program Lutheran Vespers He has also produced a television series titled *Reflections* and one titled *Rhapsody* **Preaching Mark in Two Voices** Brian K. Blount, Gary W.

Charles, 2002-01-01 Brian Blount and Gary Charles team up to introduce us anew to Mark's Gospel *Reinterpreting Mark* through sermons preached out of very different socio cultural contexts Blount draws parallels between Mark's message and the African American church's heritage of slavery and oppression while Charles wrestles with making the Gospel relevant to well educated white suburbanites Each chapter begins with an exegetical study and sermon by one author Then the other preacher responds from his own context offering a different view of the text *Preaching Mark* Bonnie Bowman Thurston, An expert guide from Galilee to Jerusalem This new resource examines the major literary units of Mark's Gospel with an eye toward helping the pastor in sermon preparation Rather than major themes Thurston guides the reader through the lectionary readings and how Mark's work offers a wealth of materials for Christian life and reflection **Preaching as the**

**Word of God** Sam Chan, 2016-07-12 According to the Reformers preaching is the word of God As the word of God preaching is a foundation for the church It is also vital for the personal growth of a Christian But Christians are poorly equipped to understand how preaching is the word of God Some Christians look for preaching that closely reproduces the text in the Bible Other Christians look for preaching that creates maximal emotional and existential impact And there is a lot of name calling with Christians accusing preachers of not preaching the word But what type of preaching is the word of God The

purpose of this book is to equip Christians to understand how preaching can be God speaking. It accomplishes this with a survey of the problem in the history of the church, a detailed overview of key biblical texts, and finally the application of the contemporary philosophical tool of speech act theory.

**Mark Abraham Kuruvilla**, 2012-02-24 *Mark A Theological Commentary for Preachers* engages hermeneutics for preaching, employing theological exegesis that enables the preacher to utilize all the narrative units of Mark to craft effective sermons. This commentary unpacks the crucial link between Scripture and application, the theology of each preaching text. The Gospel of Mark is therefore divided into twenty-five narrative units with the theological focus of each clearly delineated. The specificity of these theological ideas for their respective texts makes possible a sequential homiletical movement through each pericope of the book, progressively developing the theological trajectory of Mark's theme of discipleship and enabling the expositor to discover valid application for sermons. While the primary goal of the commentary is to take the preacher from text to theology, it also aids in the advance from theology to sermon by providing tips for preaching and two possible sermon outlines for each of the twenty-five units of the Gospel. The unique approach of this work results in a theology for preaching commentary that promises to be useful for anyone teaching through Mark's Gospel with an emphasis on application.

*Preaching the Gospel of Mark* Dawn Ottoni-Wilhelm, 2008-08-19. In this engaging treatment of the Gospel of Mark, Dawn Ottoni-Wilhelm combines biblical scholarship with a close reading of the Gospel text to meet the needs of preachers today. Swift and purposeful, the Gospel of Mark proclaims God's reign and urges the participation of all God's people in the witness of the good news that God has transformed human reality through Jesus Christ. This insightful commentary helps that message come alive while providing pertinent suggestions about how preachers can proclaim this message to today's churchgoers.

*The Critical Review of Theological & Philosophical Literature* Stewart Dingwall, Fordyce Salmond, 1894. *The Wesleyan methodist Church record*, 1897. **Frank Leslie's Sunday Magazine**, 1881. *The Formation of the Gospels* Francis Pritchett Badham, 1891. **Mark Lamar Williamson Jr.**, 2009-06-29. In this volume, Lamar Williamson's commentary provides teachers, preachers, and all serious students of the Bible with an interpretation that takes serious hermeneutical responsibility for the contemporary meaning and significance of Mark's text. *Interpretation: A Bible Commentary for Teaching and Preaching* is a distinctive resource for those who interpret the Bible in the church. Planned and written specifically for teaching and preaching needs, this critically acclaimed biblical commentary is a major contribution to scholarship and ministry.
