Vermiedene Kriege Jost Dülffer, Martin Kröger, Rolf-Harald Wippich, 2018-07-12 Keine ausführliche Beschreibung für Vermiedene Kriege verfügbar *Re-Imagining Democracy in the Mediterranean, 1780-1860* Joanna Innes, Mark Philip, 2018-10-25 Mediterranean states are often thought to have democratised only in the post war era as authoritarian regimes were successively overthrown On its eastern and southern shores the process is still contested Re imagining Democracy looks back to an earlier era the late eighteenth and early nineteenth centuries and argues it was this era when some modern version of democracy in the region first began By the 1860s representative regimes had been established throughout southern Europe and representation was also the subject of experiment and debate in Ottoman territories Talk of democracy its merits and limitations accompanied much of this experimentation though there was no agreement as to whether or how it could be given stable political form Re imagining Democracy assembles experts in the history of the Mediterranean who have been exploring these themes collaboratively to compare and contrast experiences in this region so that they can be set alongside better known debates and experiments in North Atlantic states States in the region all experienced some form of subordination to northern great powers In this context their inhabitants had to grapple with broader changes in ideas about state and society while struggling to achieve and maintain meaningful self rule at the level of the polity and self respect at the level of culture Innes and Philip highlight new research and ideas about a region whose experiences during the age of revolutions are at best patchily known and understood as well as to expand understanding of the complex and variegated history of democracy as an idea and set of practices **Jihad and its Interpretation in**

Pre-Colonial Morocco Amira K. Bennison, 2003-09-02 This book investigates the importance of waging jihad for legitimacy in pre colonial Morocco It counters colonial interpretations of the pre colonial Moroccan sultanate as hopelessly divided into territories of obedience and dissidence by suggesting that state society warfare was one aspect of a constant process of political negotiation Detailed analysis of state and society interpretations of jihad during the critical period of the French conquest of Algeria clearly shows this process at play and its steady evolution in the context of increasing European pressure which culminated in the imposition of the French protectorate in 1912 **Ransoming Prisoners in Precolonial Muslim**
