Pregnancy Birth And Maternity Care Feminist Perspectives:

Pregnancy, Birth, and Maternity Care Mary Stewart, 2004 With a focus on improving woman centered midwifery care this unique resource provides a thorough discussion of feminist theories and their relevance and application to midwifery practice education and research Comprehensive in scope it covers key issues including clinical practice management and education to familiarize readers with feminist theories and their relevance and application to midwifery practice education and research Provides a comprehensive overview of the relevance of feminist thought to midwifery practice Encourages readers to use feminist theories as a way of looking at the world and in particular as a tool to critique the provision of care given to women and families through pregnancy and childbirth Offers a woman centered approach to care from pregnancy to postnatal Includes insightful contributions from experts in the field who focus on one or more theory to explore a particular issue Presents a short introduction at the beginning of each chapter highlighting what will be covered Summarizes the main issues at the end of each chapter and identifies key shortcomings in present research or hunches about where ideas should move in the future

Pregnancy, Birth and Maternity Care Mary Stewart, 2004 The Politics of Maternity Rosemary Mander, Jo Murphy-Lawless, 2013-04-12 The evidence surrounding the skills and approaches to support good birth has grown exponentially over the last two decades but so too have the obstacles facing women and midwives who strive to achieve good birth This new book critically explores the complex issues surrounding contemporary childbirth practices in a climate which is ever more medicalised amidst greater insecurity at broad social and political levels The authors offer a rigorous and thought provoking analysis of current clinical managerial and policy making environments and how they have prevented sustaining the kind of progress we need The Politics of Maternity explores the most hopeful developments such as the abundant evidence for one to one care for women and sets these accounts against the background of changes in health service organisation and provision that block these approaches from becoming an everyday occurrence for women giving birth The book sets out the case for renewed attention to the politics of childbirth and what this politics must entail if we are to give birth back to women Designed to help professionals cope with the transition from education to the reality of the system within which they learn and practise this inspiring book will help to assist them to function and care effectively in a changing health care environment

Birthing Autonomy Nadine Edwards, 2013-04-03 Birthing Autonomy brings some balance to the difficult arguments that arise from debates about home births and focuses on women's views and their experiences of planning home births It provides an in depth exploration of how women make decisions about home births and what aspects matter most to them Comparing how differently the pros and cons of home births are constructed and contemplated by mothers and by the medical profession the book looks at how current obstetric thinking and practices can disempower and harm women emotionally and spiritually as well as physically Written in an accessible style this book is enlightening for student and practicing midwives and obstetricians as well as researchers and students of nursing medical

sociology health studies gender studies feminist practitioners and theorists It will also be invaluable to expectant mothers who want to be more informed about the choices they are facing and the wider context within which their birth options are considered

Normal Childbirth Susan Downe, 2008-05-30 This new edition builds on the strengths of the popular first edition with updated national and international data and the most recent debate around the controversial area of childbirth With the increasing risk of litigation there can be a tendency to classify women as at risk if they present with even a hint of a problem This is a contentious area and midwives need to be aware of the wide parameters of normal in order to practise autonomously effectively and safely This book provides an evidence based source for all midwives and other health professionals with an interest normal birth Explores the wider range of normal childbirth that is unique to individual mothers and babies Challenges the assumptions underpinning current beliefs and attitudes Updated statistics both national and international Latest research and debate

Midwifery Sally Pairman, Sally K. Tracy, Hannah Dahlen, Lesley Dixon, 2018-10-01 Now available in two volumes for ease of use Book 1 focuses on the context of midwifery practice Book 2 focuses on midwifery practice New and significantly updated chapters include man rights in childbirth Midwifery as primary healthcare Birth place and birth space Social and environmental determinants of women s health Contraception Variations in normal Endorsed by the Australian College of Midwives ACM and the New Zealand College of Midwives NZCOM NEW to the Evolve resources a suite of 18 videos featuring interviews with midwifery lecturers and students who share inspirational insights advice challenges and opportunities for learning Now includes an eBook with all print purchases

Birth Territory and Midwifery Guardianship Kathleen Fahy, Maralyn Foureur, Carolyn Hastie, 2008-07-14 Midwives and other healthcare providers are grappling with the issue of rising intervention rates in childbirth and trying to identify ways to reverse the trend It is increasingly accepted that intervention in childbirth has long term consequences for women and their children Birth Territory provides practical evidence based ideas for restructuring the birth territory to facilitate normal birth Links new research findings to birth environments and outcomes Describes the elements of an ideal birthing environment Suggests how to modify existing maternity services to achieve optimal results Investigates the links between the experiences of women and babies and outcomes Explores the effects of legal and socio political factors

Joints and Connective Tissues Kerry Phelps, Craig Hassel, 2012-10-31 Joints and Connective Tissues General Practice The Integrative Approach Series In order to diagnose and manage the patient presenting with musculoskeletal symptoms it is important to distinguish whether the pathology is arising primarily in the so called hard tissues such as bone or the soft tissues such as cartilage disc synovium capsule muscle tendon tendon sheath It is also important to distinguish between the two most common causes of musculoskeletal symptoms namely inflammatory and degenerative

Social Perspectives on Pregnancy and Childbirth for Midwives, Nurses and the Caring Professions Julie Kent, 2000 This book explores contemporary issues around pregnancy and childbirth using a feminist sociological approach It goes beyond biological accounts of pregnancy and childbirth to examine

the social processes *RCM Midwives*, 2006 *Sacred Cycles* Sara Wickham, 2004 Have you ever thought about how you would like to be born wondered why tampon advertisements always use blue liquid or dreamed of living in a society with Government funded luxury hotels for women who needed space Have you ever wondered why so many women living in the West still believe their bodies are inferior to men's and that others hold responsibility for their health and well being By comparing the things women have been taught about their bodies to real women's experiences women centered research and common sense wisdom this book explores women's reproductive health and well being through the eyes of women themselves examining myths and opinions and questioning whether the things we learn from the media and through education systems are serving us well The author explores a wide variety of historical and cultural perspectives and drawing on the experiences of over 100 women the major transitions of women's lives are explored Does science have all the answers or is there a space for other ways of knowing Are medical recommendations more accurate than old wives tales How do women care for themselves during their menstrual cycles or during menopause This book will enable women to realize that they are the experts in their own lives and health and enable men to deepen their understanding of who women are

Midwifery and the Medicalization of Childbirth Edwin Van Teijlingen, 2000 This book provides an introduction to the sociological study of midwifery The readings have been selected to highlight the interplay between midwifery and medicine reflecting the medicalisation of childbirth It highlights the major themes in both a historical and a current context as well as western and non western societies Two major themes underlie the organisation of this book that the conception of midwifery must be broadened to encompass a sociological perspective and that the ongoing trend toward the medicalisation of midwifery is crucial to an understanding of the historical current and future status of midwifery By medicalisation of childbirth and midwifery is meant the increasing tendency for women to prefer a hospital delivery to a home delivery the increasing trend toward the use of technology and clinical intervention in childbirth and the determination of medical practitioners to confine the role played by midwives in pregnancy and childbirth if any to a purely subordinate one **The Art and Science of Midwifery** Louise Silverton, 1993 This is a text for use on undergraduate and student diploma courses in midwifery It prepares the midwife for utilizing research findings to determine practice Where research findings indicate a preferred management approach this is suggested in less clear cut situations a range of options are offered with their advantages and disadvantages Reference lists and selected bibliographies allow students to undertake further study

Women, a Feminist Perspective Jo Freeman, 1979 This scholarly collection of essays on women by women in such fields as Economics Law Sociology and Political Science provides an in depth analysis of the issues and institutions that affect women's lives and answers the question Why Feminism Added chapters and information in this edition offer new dimensions to further enrich and clarify the substantive research on the emerged woman and the ways in which sexist values and attitudes still function to control or hinder her progress *Canadian Feminist Perspectives on Law* Elizabeth A.

Sheehy, Susan B. Boyd, 1989 **Contemporary Feminist Theory** Mary Frances Rogers, 1998 This combination text and reader provides an introduction to contemporary feminist theory oriented toward undergraduates as well as master's level students Its organization around substantive topics and issues rather than conventional categories of feminist thinking effectively conveys the breadth and depth of feminist theorizing demonstrating the intersections and eclecticism that have become its hallmark It offers a strong multicultural dimension integrating diversity race ethnicity class and sexual orientation within the discussion of substantive topics As a supplement or as a main text it will prove highly useful in courses in feminist theory and women's studies as well as in gender studies sociology of women and contemporary social sociological theory Pub desc

Issues in Midwifery Tricia Murphy-Black, 1995 Invited papers examine contemporary controversial issues in midwifery **Effective Care in Pregnancy and Childbirth: Pregnancy** Iain Chalmers, Murray Enkin, Marc J. N. C. Keirse, 1989 This landmark two volume treatise draws on the work of clinicians and researchers throughout the world to provide a unique new approach to clinical obstetrics Its aim is to determine the most effective methods of care during pregnancy and childbirth To this end the authors provide overviews of data taken from the available controlled trials in which alternative forms of obstetric care have been formally evaluated Evidence on the effectiveness of these methods both pro and con is presented along with information about implications for clinical practice and future research The result is the most systematic study available on the effectiveness and safety of the full range of clinical procedures regardless of the particular emphasis or medical context of treatment Encyclopedia of Childbearing Carol Mann, Barbara Katz Rothman, 1992-11-17 Childbearing is more than pregnancy and labor It is the having and not having of children It is a profound event in the lives of families and in the lives and bodies of women The feminist movement and the development of feminist studies have helped to rehumanize the subject of childbearing by removing it from the remote environment of institutionalized medicine The multi disciplinary Encyclopedia of Childbearing is a major contribution to this new accessibility Midwives Chronicle , 1988

Pregnancy Birth And Maternity Care Feminist Perspectives Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable.
