**Renaissance Clothing and the Materials of Memory** Ann Rosalind Jones, Peter Stallybrass, 2000 During the late sixteenth century fashion first took on the sense of restless change in contrast to the older sense of fashioning or making As fashionings clothes were perceived as material forms of personal and social identity which made the man or woman In Renaissance Clothing and the Materials of Memory Jones and Stallybrass argue that the making and transmission of fabrics and clothing were central to the making of Renaissance culture Their examination explores the role of clothes as forms of memory transmitted from master to servant from friend to friend from lover to lover This 2001 book offers a close reading of literary texts paintings textiles theatrical documents and ephemera to reveal how clothing and textiles were crucial to the making and unmaking of concepts of status gender sexuality and religion in the Renaissance The book is illustrated with a wide range of images from portraits to embroidery European Theatre Performance Practice, 1580-1750 Robert Henke, 2016-12-05 This volume presents foundational and representative essays of the last half century on theatre performance practice during the period 1580 to 1750 The particular focus is on the nature of playing spaces staging acting and audience response in professional theatre and the selection of previously published research articles and book chapters includes significant works on topics such as Shakespearean staging French and Spanish theatre audiences the challenging aspects of the evolution of Italian renaissance acting practice and the hidden dimensions of performance The essays provide coherent transnational coverage as well as detailed treatments of their individual topics Considerations of theatre practice in Italy Spain and France as well as England place Shakespeare s theatre in its European context to reveal surprising commonalities and salient differences in the performance practice of early modern Europe s major professional theatres This volume is an indispensable reference work for university libraries lecturers researchers and practitioners and offers a coherent overview of early modern comparative performance practice and a deeper understanding of the field s major topics and developments Staging Anatomies Hillary M. Nunn, 2017-03-02 Hillary M Nunn here traces the connections between the London public s interest in medical dissection and the changing cultural significance of bloodshed on the early Stuart playhouse stage Considering the playhouses role within the social world of early modern London Nunn explores the influence of public dissection upon the presentation of human bodies in well known plays such as King Lear as well as in a wide range of often neglected early Stuart tragedies like The Second Maiden s Tragedy and Revenge for Honour In addition to dramatic texts the study draws heavily on anatomy treatises and popular pamphlets of the time Incorporating views of anatomy s significance from a wide range of sources this study shows the ways in which early Stuart dramatists called upon Londoners increasing fascination with anatomical dissection to shape the staging of their tragedies **Art Imitates Business** James H. Forse, 1993 As it moved away from the court theater became an entertainment business subject to financial and political influences This study examines business and political considerations as a way of explaining some of the curiosities about 16th

century plays which production and literary analyses cannot fully explain Annotation copyright by Book News Inc Portland OR
