Elizabeth Cleghorn Gaskell

Plague Of The Gorgeous Other Tales:

Novels and Tales: Ruth and other tales Elizabeth Cleghorn Gaskell, 1873 Canadian Literary Periodicals Index, 1998
Ruth, and Other Tales Elizabeth Cleghorn Gaskell, 1882 *Amabel Vaughan, and Other Tales* Emra Holmes, George Markham Tweddell, 1878 *A dead man's story, and other tales* Henry Herman, 1894 *Gay Canada* Alex Spence, 2001

Gay Canada is a bibliographic record of major print and filmed works relating to Canadian gay and lesbian life from 1984 to 2000 with substantiation coverage also for 2001 and early 2002. It is an essential source for libraries, students of sexual diversity studies, and archivists. Gay Canada is an accessible and serious research tool, a collection of important and fascinating information. This revised and expanded edition incorporates in particular results of a detailed search of the National Library of Canada's online union catalogue AMICUS. It reflects also re-examination of sources checked earlier in order to retrieve some works indexed too late for inclusion in the first edition. A small number of errors discovered in the first edition have been corrected. In this revised edition the Addendum of the first edition has been combined with the new items uncovered to produce the Supplement section.

Explores self-consciousness and metafictional awareness in modern fairy tale and its expression across literary fairy tale, popular fairy tale, and fairy tale film. In *Marvelous Geometry* Jessica Tiffin argues that within twentieth and twenty-first century Western literature there exists a diverse body of fairy tale texts that display a common thread of metafictional self-awareness. The narrative pattern of these texts is self-conscious, overtly structured, variously fantastical, and Tiffin argues easily recognized and interpreted by modern audiences. In this broadly comparative study she explores contemporary fairy tale fictions found in modern literature and live action and animated film and television to explore fairy tale's ability to endlessly reinvent itself and the cultural implications of its continued relevance. Tiffin's skilled analysis draws on the critical fields of postmodernism, narratological analysis, structuralism, feminism, and performativity without relying solely on any one perspective. She considers important fairy tale retellings such as the feminist revisions of Angela Carter, the postmodern narratives of A. S. Byatt, as well as fairy tales written for children by James Thurber. She also investigates both popular and high art films, contrasting Cocteau and Neil Jordan to Hollywood romances and Disney, and analyzes the differences between animated features and live action productions. Finally, Tiffin uses a case study of the recent successful *Shrek* films to situate the fairy tale in the twenty-first century as an endlessly adaptable folk narrative that self-consciously and affectionately reflects generic structures and significant cultural assumptions. *Marvelous Geometry* covers a wide range of familiar and unfamiliar primary texts from a novel and fruitful perspective. Tiffin's focus on the metafictional nature of the fairy tale turns readers' attention to the genre's

narrative structure and aesthetic qualities without ever losing sight of the fairy tale's sociocultural impact as powerful
