Plain Talk On First And Second Corinthians:

Plain Talk on First and Second Corinthians Manford G. Gutzke, 1978 **Plain Talk on John** Manford George Gutzke, 1968 **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection. Present-day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Biblical Worship Through Music Robert Austell, 2009-03-01 Seeking a faithful solution to conflict over musical worship, the pastor-musician author begins with biblical principles for worship, examines historical and contemporary models for worship, and evaluates worship practices in one presbytery of the Presbyterian Church U.S.A. to propose guiding principles and specific applications for the use of music in worship. The project shows biblical worship to be described by a number of characteristics and grounded in God's Word, presence, and community. After exploring these principles biblically, historically, and culturally, the outcome of the project is a significant collection of music-related worship resources for use in the local church and for equipping in broader teaching contexts.

Applied New Testament Bible Commentary Tom Hale, Steve Thorson, 2012-12-10 The wisdom found in God's Word is timeless as relevant today as when it was first written. And the challenge for believers remains unchanged: how do we apply these truths to our everyday world? The Applied Commentary series is a fresh approach to Bible study, connecting great wisdom with your life today. Each Scripture passage is enhanced with insights on key themes and ideas. Featured articles provide a deeper look at essential concepts while the contemporary language allows for easy reading. And because some subjects are open to interpretation for discussion, we've included perspectives from leading theologians from all backgrounds and denominations. The result: An interactive approach to Scripture that will challenge your ideas and build your faith, which is what reading the Bible is all about.

Church History in Plain Language Bruce Shelley, 2013-12-10 Church History in Plain Language makes church history clear, memorable, and accessible to every reader. Dr. Bruce Shelley makes church history come alive in this classic book that has

become not only the first choice of many laypeople and church leaders but the standard text in many college classrooms Church History in Plain Language treats history as the story of people their motivations the issues they grapple with the decisions they make and the result is that history reads like a story almost as dramatic and moving as a novel This fourth edition revised by R L Hatchett brings the story of Christianity into the twenty first century with detailed information on Theology of the early church and Reformation Gnosticism and its ongoing relevance The rapid global extension and transformation of Christianity since 1900 The decline in traditional mainline denominations The influence of technology on the spread of the gospel How Christianity intersects with other religions in countries all over the world Church History in Plain Language makes history easy to follow and retain by dividing the Christian story into the great ages of the church Its clarity organization and historical accuracy are part of what make this book a go to resource for today s readers

Catalog of Copyright Entries, Fourth Series Library of Congress. Copyright Office,1978-04 **Religious Books and Serials in Print 1978-1979** R.R. Bowker Company. Department of Bibliography,1978-11 *Puzzling Passages in Paul* Anthony C. Thiselton,2018-10-22 Few Christian writings have had the world changing impact of St Paul s epistles to the churches and yet from the very beginning these works proved themselves to be tricky texts The Second Letter of Peter commenting about them says There are some things in them that are hard to understand 2 Pet 3 16 Indeed To this day many issues of their interpretation remain highly contested In this book Anthony Thiselton grasps the nettle and examines forty puzzling passages from Paul s epistles He considers the various scholarly proposals about their meaning and offers his own reflections in the hope of dispersing fog and shedding light and of expounding a coherent and self consistent Paul
