the World Andrei S. Markovits, Lars Rensmann, 2010-05-17 The globalizing influence of professional sports Professional sports today have truly become a global force a common language that anyone regardless of their nationality can understand Yet sports also remain distinctly local with regional teams and the fiercely loyal local fans that follow them This book examines the twenty first century phenomenon of global sports in which professional teams and their players have become agents of globalization while at the same time fostering deep seated and antagonistic local allegiances and spawning new forms of cultural conflict and prejudice Andrei Markovits and Lars Rensmann take readers into the exciting global sports scene showing how soccer football baseball basketball and hockey have given rise to a collective identity among millions of predominantly male fans in the United States Europe and around the rest of the world They trace how these global and globalizing sports emerged from local pastimes in America Britain and Canada over the course of the twentieth century and how regionalism continues to exert its divisive influence in new and potentially explosive ways Markovits and Rensmann explore the complex interplay between the global and the local in sports today demonstrating how sports have opened new avenues for dialogue and shared interest internationally even as they reinforce old antagonisms and create new ones Gaming the World reveals the pervasive influence of sports on our daily lives making all of us citizens of an increasingly cosmopolitan world while affirming our local regional and national identities **Awards, Honors and Prizes** Gale Group, 2001-07

Higher Education Accountability Robert Kelchen, 2018-02-27 The first comprehensive overview charting the accountability of higher education As the price tag of higher education continues to rise colleges and universities across the country are under increasing pressure to demonstrate their value Graded on numerous metrics including cost and ability to prepare students for the job market colleges must satisfy requirements from multiple stakeholders State and federal governments demand greater accountability Foundations and private donors as well as today s parents and students approach education with a consumer sensibility How can colleges navigate these pressures while trying to stay true to their missions and values In Higher Education Accountability Robert Kelchen delivers the first comprehensive overview of how colleges in the United States came to face such overwhelming scrutiny Beginning with the earliest efforts to regulate schools Kelchen reveals the rationale behind accountability and outlines the historical development of how federal and state policies accreditation practices private sector interests and internal requirements have become so important to institutional success and survival With so many diverse and conflicting entities holding colleges responsible for their performance the variety of accountability systems in play can have both intended and unintended consequences Immersed as they are in current debates about how best to respond to these pressures faculty and administrators will welcome this up to date and timely account which offers not only a look at current practices but also an examination of the future of accountability in American higher education *The Best American Sports Writing 2007* Glenn Stout, 2007 Presents an anthology of the best sports writing published in 2014 selected from American magazines and newspapers Iowa State Men's Basketball , 2001
