Pit Pony:

Britain's Industrial Revolution in 100 Objects John Broom,2023-02-22 The period of Britain's Industrial Revolution was perhaps the most transformative era in the nation's history. Between about 1750 and 1914 life and work, home and school, church and community changed irreversibly for Britain's rapidly expanding population. Lives were transformed, some for the better but many endured abysmal domestic and workplace conditions. Eventually improvements were made to Britain's social fabric which led to the prospect of richer and more fulfilled lives for working men, women and even children. Focusing on 100 objects that either directly influenced or arose from these changes, John Broom offers a distinctive insight into this fascinating age. With plentiful illustrations and suggestions for visits to hundreds of places of historical interest, this book makes an ideal companion for a journey into Britain's industrial past.

No Way But Gentleness Richard Hines,2016-03-10 There is no way but gentleness to redeem a Hawke. Edmund Bert, 1619. Born and raised in the South Yorkshire mining village of Hoyland Common, Richard Hines remembers sliding down heaps of coal dust, listening out for the colliery siren at the end of shifts and praying for his father's safe return. It seemed all too likely that he would follow in his father's footsteps and end up working in the pits, especially when to his mother's horror and his own he failed the 11, so that unlike his older brother Barry, who had passed the exam to grammar school and who seemed to be heading for great things, Richard was left without hope of academic achievement. Crushed by this and persecuted by the cruelty of his teachers, Richard spent his time in the fields and meadows just beyond the colliery slag heap. One morning walking in the grounds of a ruined medieval manor, he came across a nest of kestrels. Instantly captivated, he sought out ancient falconry texts from the local library and pored over the strange and beautiful language there. With just these books, some ingenuity and his profound respect for the hawk's indomitable wildness, Richard learned to man or train his kestrel, Kes, and in the process grew into the man he would become. Richard and his experiences with kestrels inspired Barry's classic novel *A Kestrel for a Knave*. When production began on what would become Ken Loach's iconic film *Kes*, Richard found himself training the kestrels that would soar on screen and into cinematic history. *No Way But Gentleness* is a superb moving memoir of one remarkable boy's love for a forgotten culture and his attempt to find salvation in the natural world.

Animals, Equality and Democracy S. O'Sullivan,2015-12-11 *Animals, Equality and Democracy* examines the structure of animal protection legislation and finds that it is deeply inequitable, with a tendency to favour those animals the community is most likely to see and engage with. Siobhan O'Sullivan argues that these inequities violate fundamental principles of justice and transparency.
