national ethnic groups residing in the Union of Myanmar After migrating from their early home in the Hwangho Yangtze
region of China they settled in the eastern part of today s Myanmar primarily in the Shan Plateau around the first century AD
The Shan dominated the political stage for a few centuries founding three historically important dynasties in the heartland of
Myanmar at Pinya Sagaing and Inwa Shan history then merges with that of Myanmar until after World War II and Myanmar s
independence from the British when the Shan initiated efforts to establish an autonomous state Sai Aung Tun deftly traces
the cultural and political history of the Shan people from their origins to Myanmar independence and up to the constitutional
crisis of 1962 His work highlights particularly the political affairs of the Shan state from 1946 to 1962 He details the Second
Pang Long Conference of 1947 which brought about the historic agreement of all the nationalities of Myanmar to work
together for independence He examines the significant role played by the Shan people in the debate on whether Myanmar
should adopt a federal system of administration and their efforts to draft a new constitution He concludes with an account of
the military coup of 1962 which effectively sabotaged the constitutional reform process a stalemate that still persists today
Unique among Shan histories is the in depth analysis of the Kuomintang incursion into the Shan States in the early 1950s

with its political military and economic consequences Sai Aung Tun has amassed a substantial amount of primary materials in the text proper including verbatim excerpts from conference interviews and speeches as well as a rich collection of official documents minutes and reports in the appendixes The historical critique of existing constitutional weaknesses will be of interest to those who advocate the drafting of a new constitution in Myanmar The pleas for unity and goodwill among the ethnic groups made by various leaders nearly half a century ago will resonate with readers today This comprehensive reference work will be an invaluable resource for all Shan scholars and Myanmar observers and an excellent addition to any reference collection on Southeast Asia
