William H. Wolfe, 1989      Pearl Jam's Vs. Clint Brownlee, 2021-03-11 Vs is the sound of a band on fire The same confluence of talent passion timing and fate that made grunge the world's soundtrack also lit a short fuse beneath Pearl Jam The band combusted between late 1992 and mid 1994 the span during which they planned recorded and supported their sophomore record The spotlight the pressure the pace it all nearly turned the thriving act to ash Eddie Vedder the reluctant public face of the band responded by lashing out lyrically Jeff Ament Mike McCready and Stone Gossard who beheld success with varying degrees of anxious satisfaction attacked their instruments in solidarity Dave Abbruzzese welcomed the rock star lifestyle and left his mark on the record with more than just potent percussion Vs roils with fury and at times gently steams over the trappings of fame human faults and societal injustice The record is a thrashing testament to Pearl Jam's urgent creativity and greater good interests and the band's logistical calculations behind it drew a career defining line in the sand It promised the world that Pearl Jam would neither burn out nor fade away This book weaves research little known details and band members memories into a definitive account of how Vs set them on a path toward enduring integrity and relevance

Distributed Computing and Artificial Intelligence Andre Ponce de Leon F. de Carvalho, Sara Rodríguez-González, Juan F. De Paz Santana, Juan Manuel Corchado Rodríguez, 2010-11-18 The International Symposium on Distributed Computing and Artificial Intelligence DCAI 10 is an annual forum that brings together past experience current work and promising future trends associated with distributed computing artificial intelligence and their application to provide efficient solutions to real problems This symposium is organized by the Biomedicine Intelligent System and Educational Technology Research Group http://bisite.usal.es of the University of Salamanca The present edition has been held at the Polytechnic University of Valencia from 7 to 10 September 2010 within the Congreso Español de Informática CEDI 2010 Technology transfer in this field is still a challenge with a large gap between academic research and industrial products This edition of DCAI aims at contributing to reduce this gap with a stimulating and productive forum where these communities can work towards future cooperation with social and economic benefits This conference is the forum in which to present application of innovative techniques to complex problems Artificial intelligence is changing our society Its application in distributed environments such as internet electronic commerce environment monitoring mobile communications wireless devices distributed computing to cite some is continuously increasing becoming an element of high added value with social and economic potential both industry life quality and research These technologies are changing constantly as a result of the large research and technical effort being undertaken in universities companies
