POLICING URBAN POVERTY

Foreword by Alan Walker

Policing Urban Poverty

C Cleary

Policing Urban Poverty:

Policing Urban Poverty C. Crowther, 1999-12-08 Policing Urban Poverty demonstrates that since the nineteenth century a core task of the police has been crime control and order maintenance especially in poor communities This illuminating book focuses on the policy implications of discourses on poverty and crime in America and Britain It draws on sociological theory and extensive empirical evidence which show that in recent history senior police policy makers have been involved in a struggle with their political masters in determining the most judicious means to tackle urban poverty and crime

Policing Urban Poverty Chris Crowther, 2000 Policing Urban Poverty provides a comprehensive and wide ranging analysis of the policy implications of social problems for the welfare state in general and the police service in particular through an examination of the relationship between discourses on urban poverty crime and disorder in Britain and America Drawing on extensive empirical evidence the book adds to the sociological and historical analyses of these issues by considering their practical relevance at different times and in different places for police policy makers Throughout history the police have been charged with the difficult task of peace keeping and crime fighting in poor communities with potentially calamitous consequences when things go wrong Senior police officers have argued that successive governments have not provided

adequate support and guidance to assist them in their attempts to be tough on crime and its causes *Profile of Anti-drug Law Enforcement in Urban Poverty Areas in Massachusetts* William N. Brownsberger, 1997 *Policing the City, 1785-1838*

Andrew Todd Harris, 1997 **India, Urban Poverty Report 2009** India. Ministry of Housing and Urban Poverty Alleviation, 2009 Urban India reports high incidence of poverty despite being hailed as a hub of growth and an instrument of globalization Poverty figures for urban areas are higher compared to rural areas in a large number of states This report looks at the process of globalization and development strategy in India to ask why poverty exists in urban areas and how the poor are being physically and economically absorbed in the system It analyses the processes of urbanization migration changes in the structure of the economy and the pattern of infrastructural investment with the aim of assessing their impact on the poor Changes in urban governance legal system and the administrative structure have been reviewed to identify the problems faced by the poor and to focus on the systemic changes that need to be brought in Thus it focuses on urbanization keeping poverty at the centre of analysis **Problems of Poverty** John Atkinson Hobson, 1895 **Place Matters** Peter Dreier, John H. Mollenkopf, Todd Swanstrom, 2004 Analyzes the problematic trends facing America's cities and older suburbs and challenges us to put America's urban crisis back on the national agenda *Contemporary Review*, 1888 **Policing**

Morals Stefan Petrow, 1994 From 1870 to 1914 the Metropolitan Police were transformed into a recognizably modern professional police force This book explores how the transformation developed and assesses the role played by public attitudes Stefan Petrow focuses on what moral reformers claimed were serious threats to social order in late Victorian and Edwardian London habitual criminality prostitution drunkenness and betting and examines the Metropolitan force's policing
