 Economic Science** British Library of Political and Economic Science, 1934 International Relations Theories Timothy
 Dunne, Milja Kurki, Steve Smith, 2007 This cutting edge textbook provides a comprehensive introduction to international
 relations theory Arguing that theory is central to explaining the dynamics of world politics it includes a wide variety of
 theoretical positions from the historically dominant traditions to powerful critical voices since the 1980s The editors have
 brought together a team of international contributors each specializing in a different theory The contributors explain the
 theoretical background to their positions before showing how and why their theories matter The book opens up space for
 analysis and debate allowing students to decide which theories they find most useful in explaining and understanding
 international relations **Introduction to Political Concepts** John Hoffman, Paul Graham, 2006 This student friendly
 introduction to contemporary concepts and ideas will show why an understanding of political concepts is crucial to an
 understanding of political issues By using real life examples to relate political ideas to political realities the hugely
 experienced author team make the subject lively and contentious in order to stimulate students to think about political
 theories in a new and refreshing way Introduction to Political Concepts discusses traditional concepts such as state liberty
 and justice Using exposition and argument the book enables readers to understand these traditional concepts and to develop
 a position on them It also covers contemporary concepts such as difference human rights and terrorism where the problems
 that these concepts address have either developed recently or have been given a new urgency by contemporary events
